FOOD INDUSTRY

Saransky Canning Factory JSC

Saransky Canning Factory JSC is a producer of canned dairy, vegetable and meat products, as well as frozen vegetable mixes.

Advantages:

- state-of-the-art equipment from leading European manufacturers;
- eco-friendly raw materials;
- natural, eco-friendly, high-quality products;
- exceptionally delicious taste.

Products offered:

- canned meat products;
- canned vegetables;
- canned dairy products;
- frozen vegetables;
- frozen berries.

Contacts:

Address: 54 Lenina Ave., Saransk, Republic of Mordovia,
430003, Russian Federation;

Phone: +7 8342 24 71 41;

E-mail: info@saranskonserv.ru; **website:** saranskonserv.ru

Chamzinskaya Poultry Plant JSC

Chamzinskaya Poultry Plant JSC is Russia's largest poultry production complex, encompasses dozens of production sites. Chamzinskaya Poultry Plant JSC guarantees quality control at every stage of the poultry chain.

Advantages:

- guaranteed sustained quality;
- product safety;
- high service level;
- in the production of meat preference is given to the breed of broilers Cobb 500;
- high quality feed;
- careful and humane treatment of broilers.

Product range:

- chilled cut-up and carcass poultry;
- semi-processed meat products;
- sausage products;
- minced meat;
- frozen meat products.

Contacts:

Address: 1 Zavodskaya St., Office 1, Sabur-Machkasy Village Settlement, Chamzinsky District, Republic of Mordovia, 431711, Russian Federation;

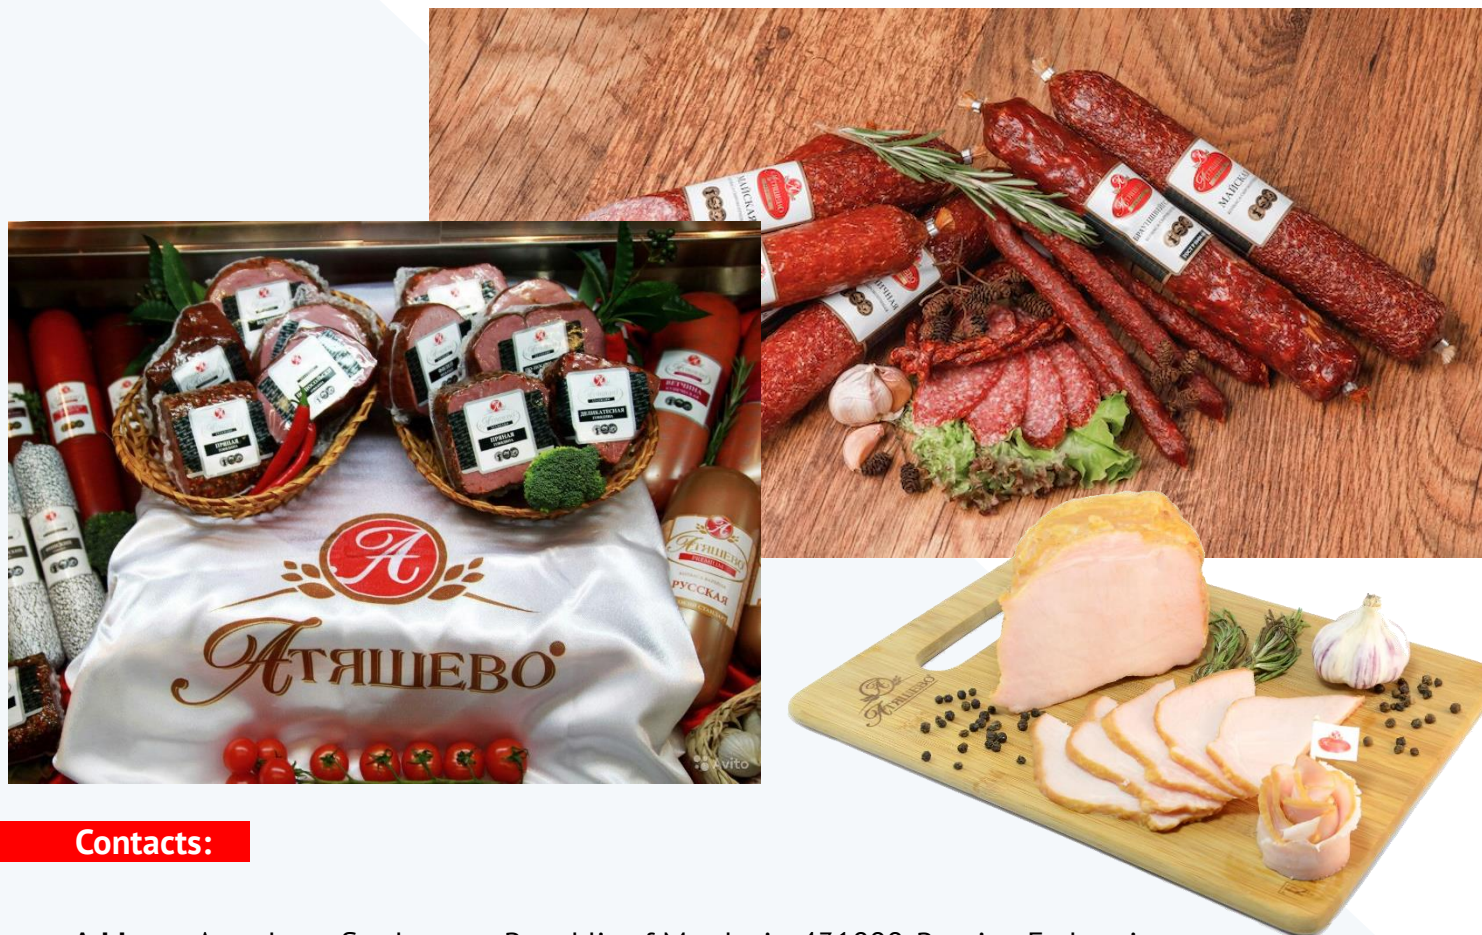

Phone: +7 8343 72 05 70;

E-mail: info@hordel.ru; **website:** hordel.ru

Talina Group of Companies

Talina Group of Companies is an agro-industrial holding with fully integrated production.

Advantages:

- own eco-friendly raw materials;
- control product quality at every stage of production;
- eco-friendly products.

Product range:

- uncooked smoked products;
- gourmet delicacies;
- ready-cooked smoked sausages;
- semi-smoked sausages and hams;
- cooked sausages;
- frankfurters;
- wieners;
- pâtés and liver sausages;
- baking meat;
- chilled semi-processed products.

Contacts:

Address: Atyashevo Settlement, Republic of Mordovia, 431800, Russian Federation;

Phone: +7 8343 42 31 31, +7 8343 42 31 30;

E-mail: talina@atyashevo.ru; **website:** atyashevo.ru

Saranskiy Distillery LLC

Saranskiy Distillery LLC is a modern production facility for the manufacture of distilled products and other beverages.

Advantages:

- retrofitted equipment;
- innovative technologies;
- unique recipes;
- highly-skilled professionals.

Product range:

- organic vodka;
- distillate vodka;
- classic vodka;
- pepper vodka;
- Sangvini dessert beverage;
- Mordovsky balsam;
- Royal Fox with Whiskey Flavor bitters;
- luxe vodka;
- sparkling/still drinking water;
- soft drinks.

Contacts:

Address: 58A Lenina Ave., Saransk, Republic of Mordovia, 430003, Russian Federation;

Phone: +7 8342 24 24 80;

E-mail: export@saranskiy.com; **website:** lvzsaransk.ru

Ruzovo CJSC

Ruzovo CJSC is one of the most modern and high-tech egg processing plants in Russia.

Advantages:

- production is based on the best equipment using its own raw material base;
- safe products of the highest quality.

Product range:

- pasteurized liquid egg whites;
- fermented egg white powder;
- gelling egg white powder;
- pasteurized liquid egg yolks;
- egg yolk powder;
- fermented egg yolk powder (heat-proof);
- egg yolk-based compounds;
- liquid pasteurized melange;
- melange powder;
- dry eggshells in consumer packaging.

Contacts:

Address: 1a Nadezhdy St., Ruzaevka, Republic of Mordovia, 431444, Russian Federation;

Phone: +7 8345 16 99 69;

E-mail: ruzovo@ruzovo.ru; **website:** ruzovo.ru

Food Export Trading House LLC

Food Export Trading House is an exclusive supplier of poultry meat produced according to the Halal standard.

Advantages:

- guaranteed, consistent quality;
- safe products;
- high level of service.

Product range:

- poultry carcasses;
- dressed poultry;
- semi-processed products;
- ready-to-eat products made from broiler chicken meat.

Contacts:

Address: 36 Vasenko St., Office 15, Saransk, Republic of Mordovia, 430030, Russian Federation;

Phone: +7 8342 77 70 01;

E-mail: foodexport13@mail.ru, ekohalal-marketing@mail.ru; **website:** eko-halal.ru

Karpai LLC

Karpai LLC is a leader in the production of roasted sunflower seeds in the Russian Federation.

Advantages:

- high-quality products;
- quality control throughout the process of receiving raw materials, cleaning, roasting, and packaging.

Product range:

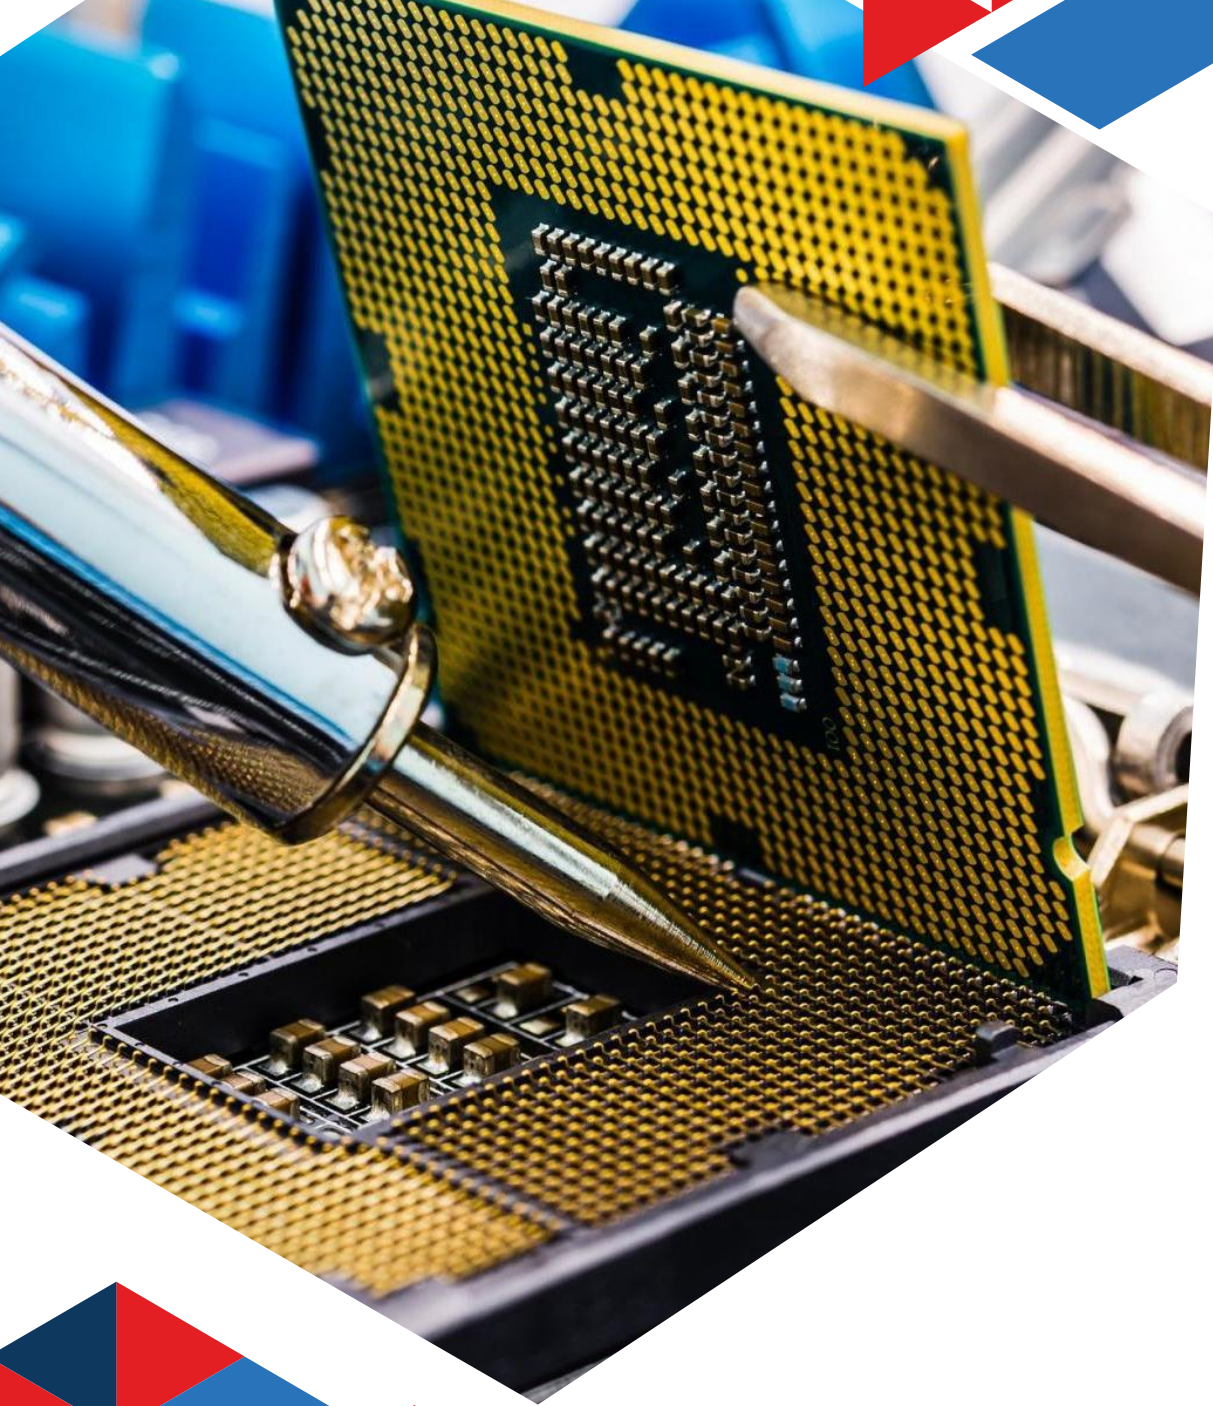

- black salted sunflower seeds;
- white salted sunflower seeds;
- mixed salted sunflower seeds;
- premium sunflower seeds;
- selected sunflower seeds;
- selected sunflower seeds with peanuts;
- crackers;
- chak-chak.

Contacts:

Address: 21 Lenina Ave., Office 318, Saransk, Republic of Mordovia, 430005, Russian Federation;

Phone: +7 927 182 04 44;

E-mail: karpaiskie@mail.ru; **website:** karpaiskie.ru

INSTRUMENT ENGINEERING

Electrovypryamitel PJSC

Electrovypryamitel PJSC is one of the leading developers and manufacturers of power semiconductor devices and power converters.

Advantages:

- extensive experience in development and production;
- in-house engineering research center;
- modern high-performance production facilities;
- high level of technical solutions and quality of manufactured products;
- wide range of products – over 1,000 individual items.

Products:

- semiconductor devices for power electronics;
- converter equipment;
- lighting engineering and other products.

Contacts:

Address: 126 Proletarskaya St., Saransk, Republic of Mordovia, 430001, Russian Federation;

Phone.: +7 8342 47 18 31; +7 8342 47 63 46; +7 8342 47 48 15;

E-mail : sales_spp@elvpr.ru; **website :** elvpr.ru

Saransk Instrument Engineering Plant (SPZ) PJSC

SPZ PJSC is a manufacturer of bellows, instruments for the military-industrial complex, the nuclear and thermal power industry, the fuel and energy industry, enterprises engaged in transport engineering and the production of pipeline fittings and medical products.

Contacts :

Address: 9 Vasenko St., Saransk, Republic of Mordovia, 430030, Russian Federation;

Phone.: +7 8342 29 65 18;

E-mail : secretariat@saranskpribor.ru; **website :** saranskpribor.ru

Product range:

- instrumentation products;
- bellows and bellow-based subassemblies;
- medical products for the connection of pneumatic equipment;
- external cooperation services.

Advantages:

- extensive computer numerical control machine-tool fleet;
- unique technologies and competences;
- in-house engineering department;
- accredited testing laboratory.

Orbita JSC

Orbita-Svet LLC is a manufacturer of semiconductor rectifier units and voltage regulators for all types of generators used in Russian motor vehicles, electronic control gears for gas-discharge lamps and related lighting fixtures.

Product range:

- LED lighting fixtures for housing and public utilities;
- LED lighting fixtures for office lighting;
- LED lighting fixtures for architectural lighting;
- LED street lighting fixtures;
- greenhouse lighting fixtures;
- electronic control gear for fluorescent lamps;
- electronic control gear for sodium-vapor lamps;
- electronic control gear for metal halide lamps.

Contacts :

Address: 12 Pionerskaya St., Yalga Workers' Settlement, Saransk, Republic of Mordovia, 430904, Russian Federation;

Phone : +7 8342 25 47 76, +7 8342 25 38 90;

E-mail: elektro@orbita.su; **website:** orbita.su

LIGHTING ENGINEERING

Lodygin NIIIS LLC

Lodygin Scientific Research Institute of Light Sources (NIIIS) LLC is a leading scientific and technical center of the Russian Federation in the field of light sources.

Advantages:

- researches in the field of all modern light sources;
- conducts scientific, industrial and commercial activities;
- a leader in the development and photometry of UV radiation sources and special-purpose lamps used in military equipment for many years;
- own testing laboratory for electric lamps and lighting products and a laboratory for standardization and provision of regulatory documentation.

Main product range:

- LED lamps;
- composite garden and park lamps;
- special purpose lamps;
- germicidal lamps.

Contacts :

Address: 3 Lodygina St., Saransk, Republic of Mordovia, 430034, Russian Federation;

Phone.: +7 8342 33 33 86;

E-mail : mail@vniiis.su; **website:** vniiis.su

SUE Lisma LLC

Lisma is the largest manufacturer of light sources in Russia and the CIS.

Advantages:

- full production cycle – from the manufacture of semi-finished products and components to the assembly of ready-made light sources;
- product quality control at all stages;
- competitive cost of products.

Product range:

- general-purpose incandescent lamps (including decorative, local lighting);
- special-purpose lamps (including lamps for aircraft, floodlights, lamps for vessels, railway lamps);
- lighting fixtures.

Contacts :

Address: 5 Lodygina St., Saransk, Republic of Mordovia, 430034, Russian Federation;

Phone: +7 8342 77 70 60;

E-mail : info@lisma.su; **website :** lisma.su

Xenon LLC

Xenon LLC is one of Russia's leading developers and manufacturers of lighting fixtures, light sources and lighting-engineering electronics. The company designs its own lighting fixtures for industrial, public and street lighting.

Advantages:

- warranty and smoothly-running logistics;
- technical and informational support;
- certified products;
- custom-tailored approach to clients.

Product range:

- LED lighting fixtures;
- fluorescent humidor lighting fixtures;
- bactericidal irradiating lighting fixtures;
- bactericidal recirculating irradiating lighting fixtures.

Contacts :

Address: 68 Sovetskaya St., Insar, Insarsky District, Republic of Mordovia, 431430, Russian Federation;

Phone: +7 8342 48 01 92;

E-mail: marketing@xnn.ru; **website:** xnn.ru

Lighting Devices Plant LLC

A major supplier of lighting-engineering products under its own brand.

In its operations, it utilizes the extensive experience of Ardatovsky Lighting-Engineering Plant JSC as the core company, as well as its own developments in the field of LED lighting fixtures and fluorescent lamps.

Product range:

- public lighting;
- lighting for housing and public utilities;
- industrial lighting;
- street lighting.

Contacts :

Address: 5g Lodygina St., Saransk, Republic of Mordovia,
430034, Russian Federation;

Phone: +7 8342 37 27 11;

E-mail: info@zsp-lighting.ru; **website:** zsp-lighting.ru

Ardatovsky Lighting-Engineering Plant JSC

Ardatovsky Lighting-Engineering Plant JSC is the largest lighting-engineering company in Russia. It carries out the entire production process: from scientific development to the output of finished products. The company uses state-of-the-art technologies and designs that comply with international standards.

Key priorities:

- customer focus;
- high-quality products;
- professional services.

Product range:

- LED lighting fixtures;
- lighting fixtures for shop floors with LED;
- lighting fixtures for offices and public spaces;
- outdoor lighting fixtures;
- bactericidal and erythema irradiators;
- control gears for fluorescent lamps.

Contacts :

Address: 73 Zavodskaya St., Turgenevo Workers' Settlement, Ardatovsky District, Republic of Mordovia, 431890, Russian Federation;

Phone: 8 800 550 91 12, +7 8342 33 30 05;

E-mail: mirsveta@astz.ru; **website :** astz.ru

CABLE PRODUCTS

Saransk Kabel LLC

Saransk Kabel LLC is one of the leading enterprises of the Russian cable industry. The company's products are widely used in the construction of the country's major traffic arteries.

Advantages:

- modern high-tech equipment fleet;
- world-class products with the shortest-possible lead time.

Product range:

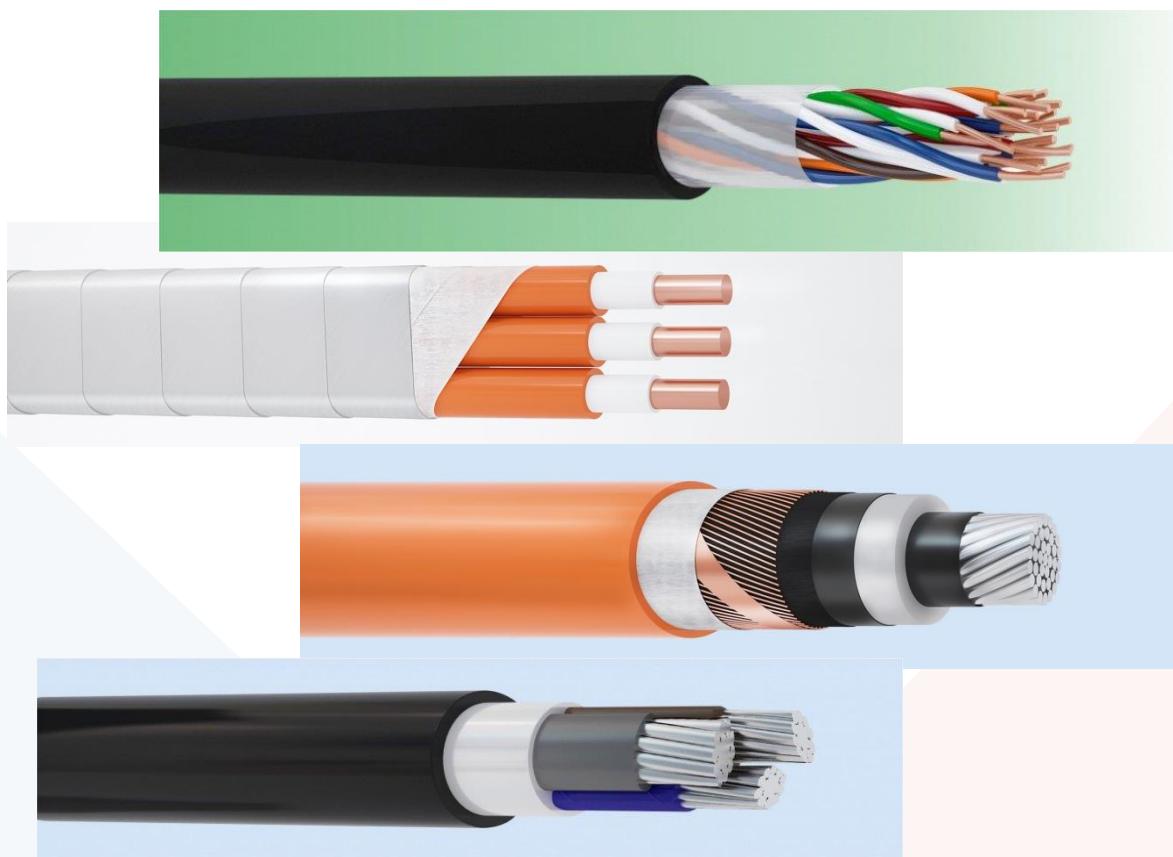

- power cables with cross-linked polyethylene insulation;
- power cables with ethylene-propylene rubber insulation;
- plastic-insulated power cables;
- paper-insulated power cables;
- control cables;
- communication cables and wires;
- signaling and interlocking cables;
- oil submersible cables;
- wires.

Contacts :

Address: 3 Stroitel'naya St., Saransk, Republic of Mordovia, 430001, Russian Federation;

Phone: +7 8342 77 76 67;

E-mail: crm@saransk-kabel.ru; **website:** saransk-kabel.ru

EPROMET LLC

EPROMET LLC is a manufacturer of aluminum and copper wire rods. The company's output capacity is 10 thousand tons of aluminum wire rod and 5 thousand tons of copper wire rod per year.

EPROMET LLC is a part of the Saranskabel LLC Group of Companies.

Advantages:

- capacity to produce wire rod in all standard sizes;
- consistent in-stock availability of products;
- guaranteed quality of manufactured products at the level of world standards.

Product range:

- aluminum wire rod according to State Standard (GOST) 13843-78 grades;
- aluminum alloy wire rod per TU 16-705.493-2006;
- AVE aluminum alloy wire rod according to GOST 20967-75;
- copper wire rod with a diameter of 8 mm, 16 mm, 18 mm;
- aluminum alloy wire rod hardened in coils with subsequent natural ageing per TU 16-705.493-2006.

Contacts :

Address: 1 Stroitel'naya St., Room 2, Saransk, Republic of Mordovia, 430001, Russian Federation;

Phone.: +7 8342 22 26 22, ext. 287;

E-mail : info@epromet.ru; **website:** epromet.ru

Opticenergo Group of Companies

Opticenergo Group of Companies is one of the largest manufacturers of cabling and wiring products in Russia.

It is comprised of:

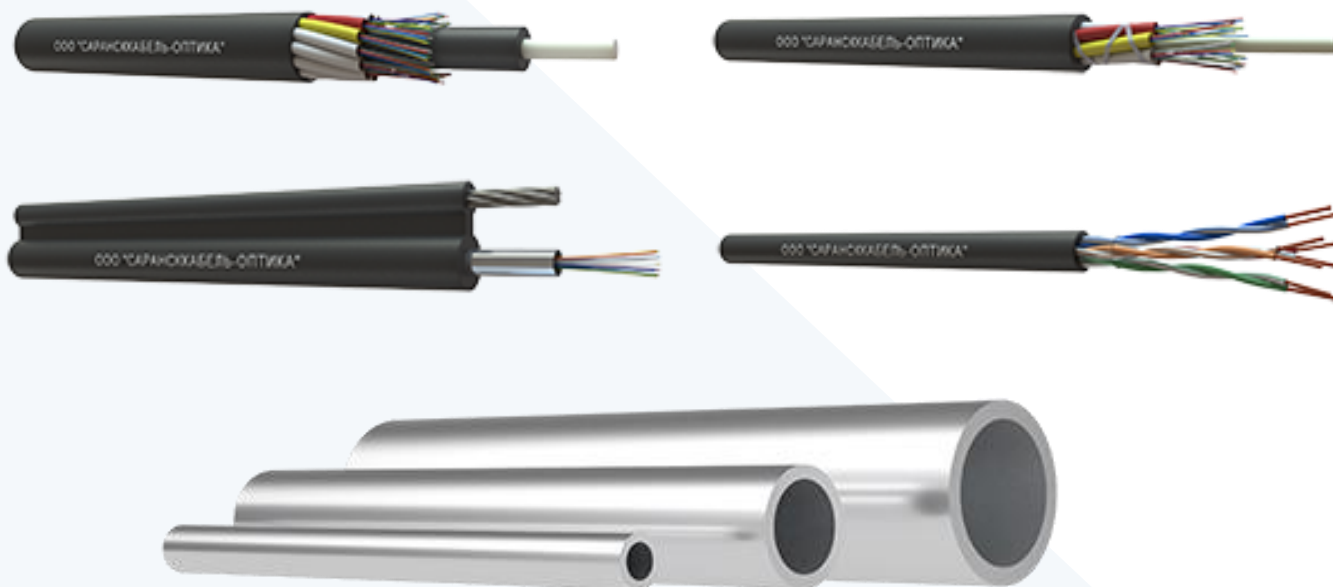

- Saranskabel-Optica LLC;
- EM-CABLE LLC;
- EM-KAT LLC;
- SARMAT-EM LLC;
- EM-PLAST LLC;
- TRADING HOUSE
SARANSKABEL-OPTICA LLC
- TRADING HOUSE EM-CABLE LLC
- OPTICENERGO TEST CENTER LLC

and other companies

Saranskabel-Optica Ltd.

The company is one of the three leaders in the production of fiber-optic cable in Russia. The production arsenal also includes cables and wires for power lines and structured cabling systems. Production experience of more than 20 years.

Product range:

- fiber-optic cables, including cables embedded in a lightning protection cable;
- wires for overhead power lines;
- self-supporting insulated wires combined with an optical cable;
- symmetrical copper cables of paired twist (LAN cables).

Contacts :

Address: 3G/1 Stroitel'naya St., Saransk, Republic of Mordovia, 430001, Russian Federation;

Phone.: +7 8342 47 38 13, +7 8342 48 02 99, +7 8342 48 03 55;

E-mail: optic@sarko.ru; **website:** sarko.ru

EM-CABLE LLC

EM-CABLE LLC is a manufacturer of cabling and wiring products.

Product range:

- power cables with plastic insulation for a voltage of 0.66 – 6 kV;
- flexible cables and wires up to the 6th class of flexibility for voltage up to 1 kV;
- control cables;
- self-supporting insulated wires of the self-supporting insulated wires-2 (SIP-2), self-supporting insulated wires (SIP-3), self-supporting insulated wires (SIP-4) brands;
- non-insulated wires, clad with aluminum;
- corrosion-resistant road cables, DTC brands, etc.

The high quality of the company's products is confirmed by the following certificates:

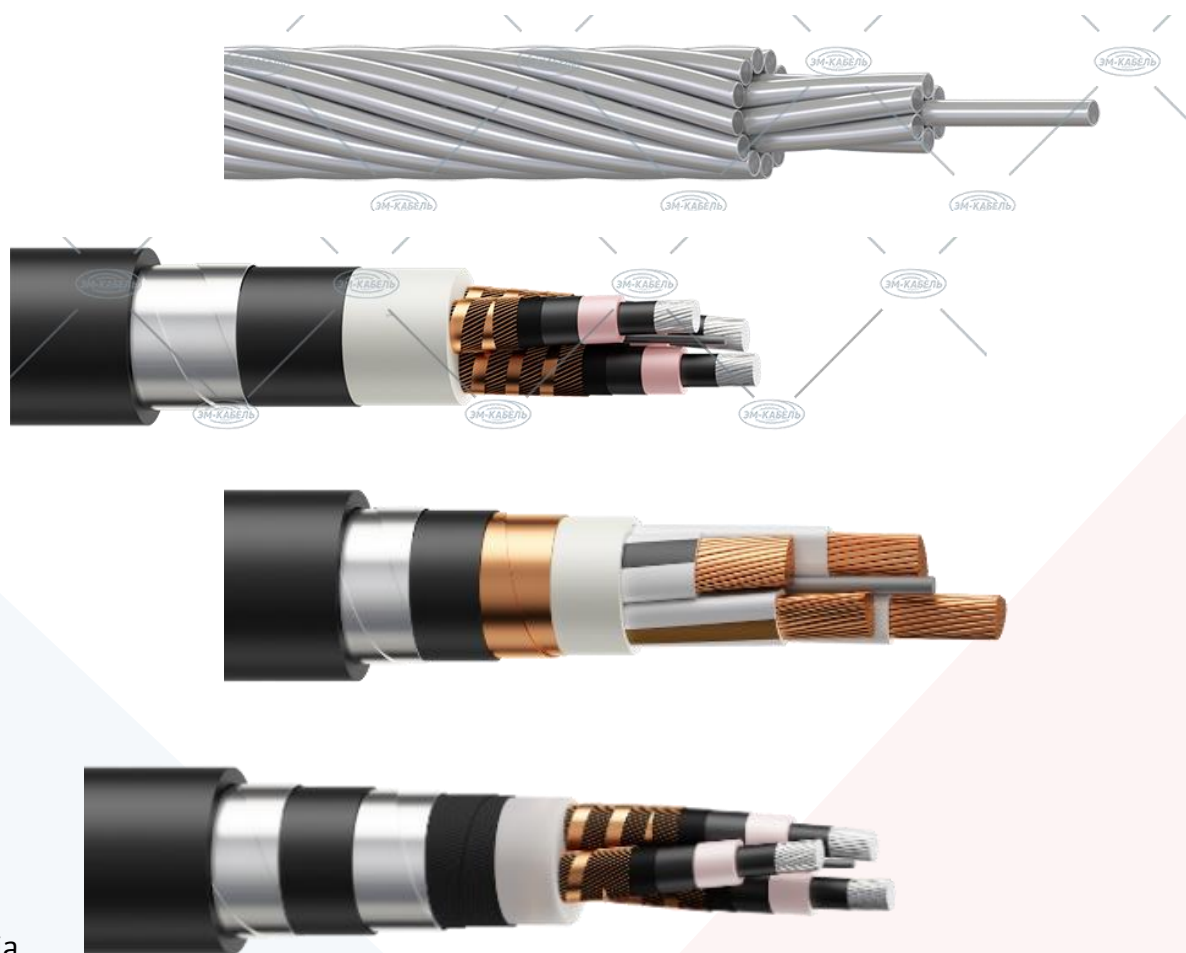

- GOST R national standard, Technical Regulations of the Customs Union (TRCU);
- SGS international standard;
- license granted by the Federal Environmental, Industrial and Nuclear Supervision Service of Russia, etc.

Contacts :

Address: 10A 2nd Promyshlennaya St., Saransk, Republic of Mordovia, 430006, Russian Federation;

Phone: +7 8342 38 02 01;

E-mail: mail@emcable.ru; **website:** emcable.ru

EM-KAT LLC

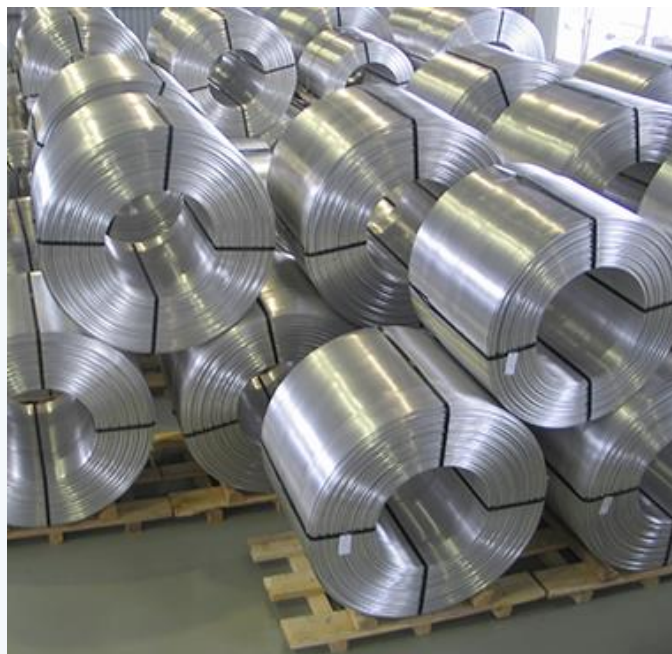

EM-KAT LLC specializes in the manufacture of the following types of products: aluminum wire rod and aluminum alloy wire rod for electrical-engineering purposes, aluminum wire for the manufacture of wire and for other electrical-engineering purposes.

Production operations provide for the manufacture of aluminum alloy wire rod for the manufacture of self-supporting insulated wires.

Product range:

- AZrK aluminum-zirconium wire rod;
- aluminum wire rod;
- KAS aluminum alloy wire rod;
- SvAK5 aluminum alloy wire rod;
- AL 59 aluminum alloy wire rod.

Contacts:

Address: 10A 2nd Promyshlennaya St., Saransk, Republic of Mordovia, 430006, Russian Federation;

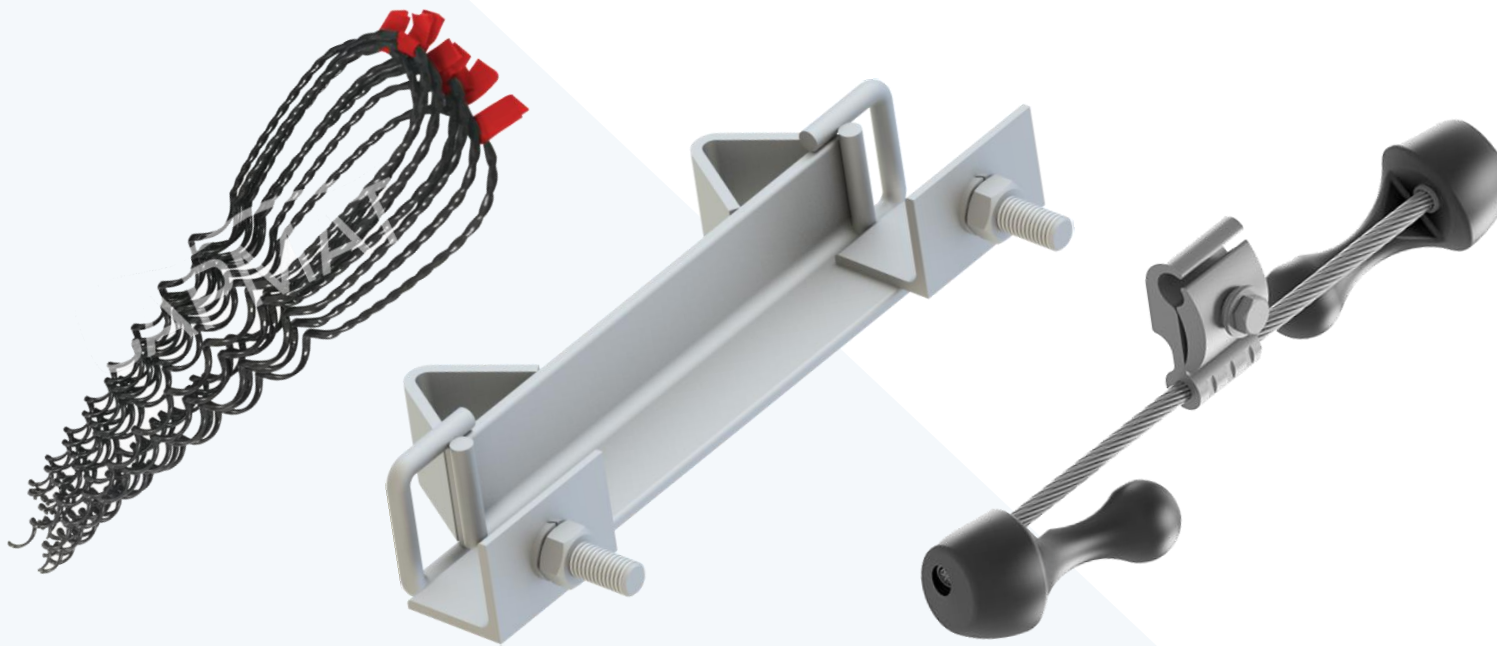

Phone: +7 8342 22 24 94, +7 8342 27 00 22;

E-mail: manager@em-kat.ru; **website:** em-kat.ru

SARMAT LLC

SARMAT LLC is a Russian-Spanish company that produces spiral fittings for power lines and fibre optic link. It is part of the Optikenergo Group of Companies.

Product range:

- fittings for lightning protection cables and ropes;
- fittings for non-insulated wires;
- fittings for cable of ADSS type;
- fittings for cable of OPGW type;
- linear fittings for self-supporting insulated wires.

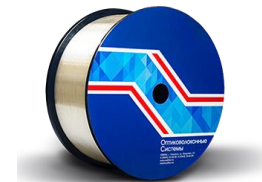

Contacts :

Address: 3B Stroitel'naya St., Saransk, Republic of Mordovia, 430006, Russian Federation;

Phone: +7 8342 48-09-28;

E-mail: sale@sarmatura.ru, sale-sip@sarmatura.ru; **website:** sarmatura.ru

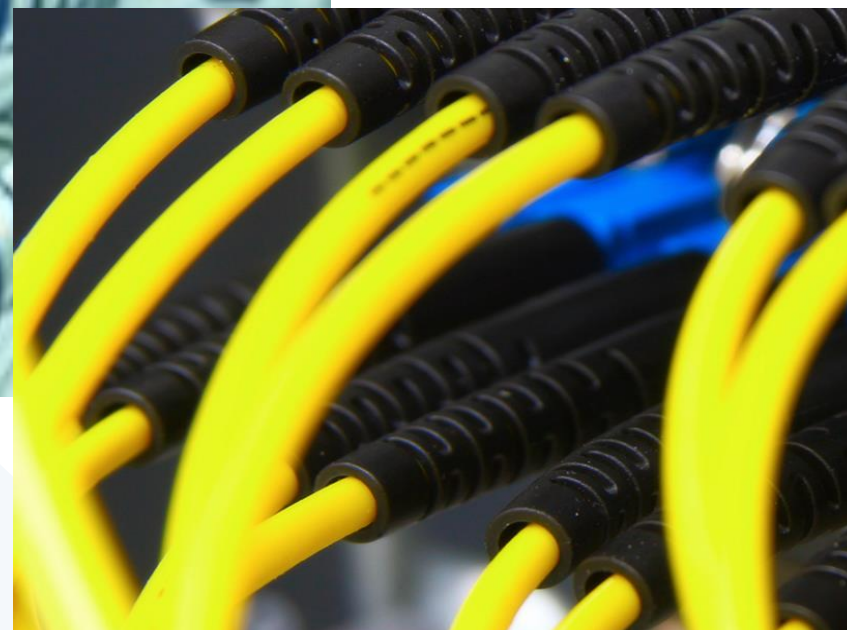

Optic Fiber Systems JSC

Optic Fiber Systems JSC is Russia's first plant for the production of optical fiber. The plant produces telecommunications and industrial optical fiber, implements the latest advancements in the creation of nanostructures in optical fiber and the use of nanotechnology to improve fiber properties.

Product range:

- G.652 Standard single-mode fiber is a thin (5-8 micrometers) glass core;
- G.651 Multi-modal graded-index fiber;
- G.655 Non-zero-dispersion shifted fiber;
- G.657 Low bending-loss fiber.

Contacts:

Address: 13 Lodygina St., Saransk, Republic of Mordovia, 430006, Russian Federation;

Phone: +7 8342 33 36 88; +7 8342 33 36 89;

E-mail: info@rusfiber.ru; **website:** rusfiber.ru

RAILCAR MANUFACTURING SPECIAL EQUIPMENT

RM Rail MC LLC

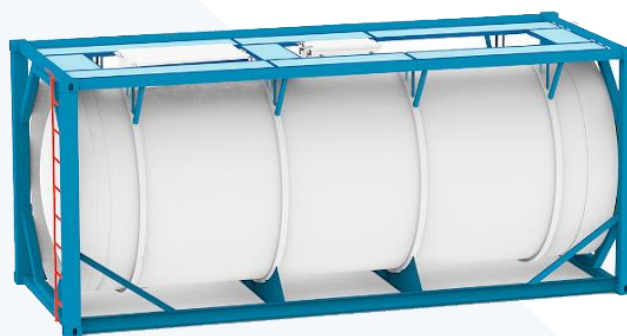

RM Rail MC LLC is a manufacturer of freight rolling stock in Russia, the largest in terms of output and the share of a specialized fleet.

Key facts:

- over 100 certified railway wagon models;
- 12,000 railway wagons per year;
- 50,000 tons of casting per year;
- over 7000 employees;
- own engineering center;
- developed production base;
- foundry complex;
- rolling stock repair and service.

Product range:

- railway wagons of various types;
- foundry products (railway wagon, automobile casting, etc.);
- containers and tank containers;
- modular buildings;
- equipment for gas and petrochemical products;
- vertical steel tank.

Contacts:

Address: 11 Lodygina St., Saransk, Republic of Mordovia, 430006, Russian Federation;

Phone: 8 800 201 07 00, +7 8342 38-07-38;

E-mail: sales@rmrail.ru; **website:** rmrail.ru

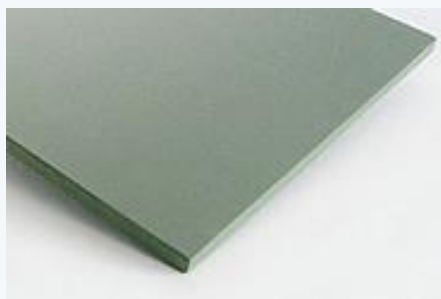

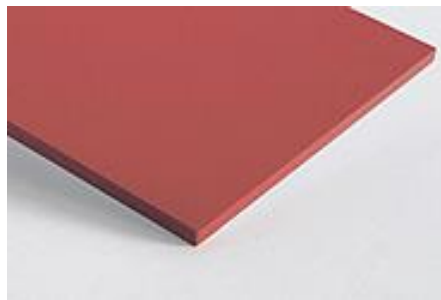

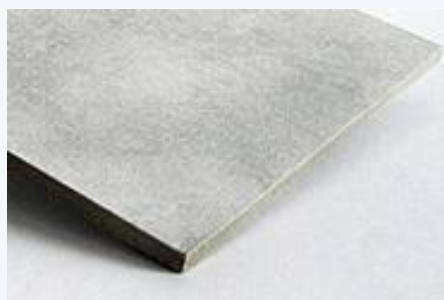

BUILDING AND CONSTRUCTION

Lato JSC

Lato JSC is one of Russia's leading companies for the production of construction materials, specializing in the manufacture of asbestos cement products and fiber-cement boards.

Product range:

- LATONIT colored board;
- LATONIT fiber-cement board;
- LATONIT vandalism-proof board;
- LATONIT stuff-dyed board;
- LATONIT siding panel.

Contacts:

Address: Komsomolsky Workers' Settlement, Chamzinsky District, Republic of Mordovia, 431720, Russian Federation;

Phone: 8 800 234 28 22, +7 (83437) 3-01-11;

E-mail: info@latonit.ru; **website:** latonit.ru

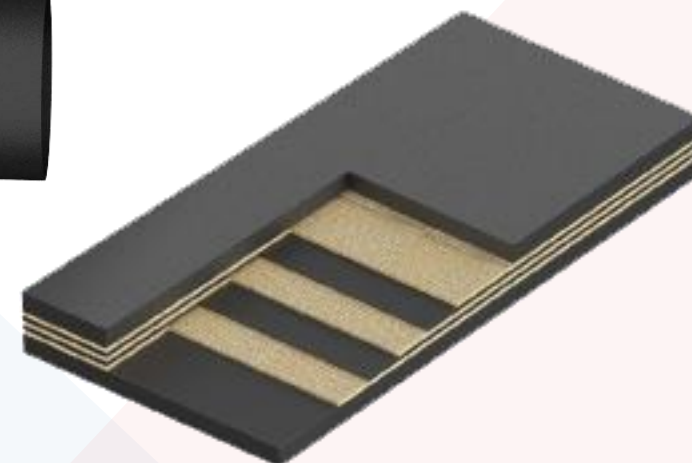

Saransky Zavod Rezinotekhnika OJSC

Saransky Zavod Rezinotekhnika OJSC is one of Russia's largest manufacturers of industrial rubber products, forming part of the Rubex Group holding.

The holding has established a complete production-process chain – starting with the manufacture of rubber compounds and ending with the output of finished products for all industries and the agricultural sector.

Core products:

- molded products;
- extrusions;
- hoses;
- belts;
- adhesives for various applications;
- conveyor belts;
- tack-glued products.

Contacts:

Address: 15 Severo-Vostochnoye Highway, Oktyabrsky District, Saransk, Republic of Mordovia, 430015, Russian Federation;

Phone: +7 834 238 04 13;

E-mail: saransk@rubexgroup.ru; **website:** rubexgroup.ru

Plyterra CJSC

Plyterra CJSC is the leading woodworking company in the Republic of Mordovia. The company produces birch plywood for shipbuilding, car building, commercial transport, construction, etc.

Product range:

- Plyterra Birch Interior – birch plywood of FC brand;
- Plyterra Birch Exterior – birch plywood of increased moisture resistance of the FSF brand;
- Plyterra Deck is an ultra – strong laminated plywood with a smooth surface;
- Plyterra Color – plywood lined with wear-resistant melamine film;
- Plyterra Parquet – birch plywood with special thickness tolerances for parquet production, etc.

Advantages:

- the high quality of plywood is confirmed by certifying authorities in Russia, Europe and North America.

Contacts:

Address: 128/4 Sevastopolskaya St., Saransk, Republic of Mordovia, 430031, Russian Federation;

Phone: +7 8342 56 01 26;

E-mail: info@plyterra.ru; **website:** plyterra.ru

Magma Ceramic LLC

Magma Ceramic LLC is a modern plant for the production of wall materials. All products are manufactured on an automated production line by KELLER (Germany) using the plastic-molding method.

Advantages:

- own high-quality raw material base;
- operation of process equipment by KELLER HCW GmbH (Germany);
- state-of-the-art, high-performance global production technologies;
- wide range of manufactured products;
- well-developed logistics and sales infrastructure.

Product range:

- ceramic bricks;
- ceramic stones;
- clinker bricks in a range of colors;
- clinker paving-stone blocks;
- face flash-brick used in Bavarian masonry.

Contacts:

Address: 77 2nd Mikroraion St., Dubenky Village Settlement, Dubensky District, Republic of Mordovia, 431770, Russian Federation;

Phone: 8 800 222 33 15, 8 800 350 59 79, +7 (834) 472-30-94;

website: dkz-stolz.ru

Magma LLC

The MAGMA Group of Companies is an association that specializes in mining operations and the production & distribution of construction and finishing materials.

Product range:

- dry mix mortars;
- gypsum plasterboards;
- tongue-and-groove plaster blocks;
- gypsum binders.

Contacts :

Phone: 8 8343 73 00 10;

E-mail: sale@kompozit-td.ru; website: Magma-td.ru

PRODUCTS FROM VARIOUS MATERIALS

Orimex LLC

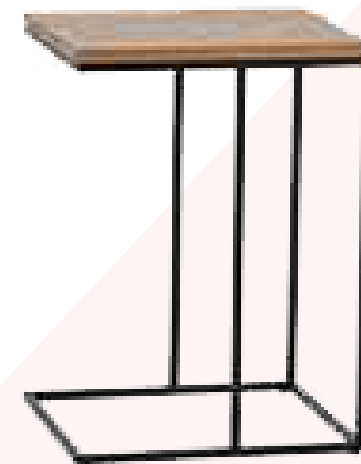

Orimex LLC is a manufacturer of solid oak furniture.

Advantages:

- state-of-the-art German and Italian woodworking equipment;
- only high-quality materials complying with international standards are used in production.

Product range:

- solid oak tables;
- chairs and armchairs;
- sofas;
- poufs and banquettes;
- smaller-sized pieces.

Contacts:

Address: 33 Energeticheskaya St., Saransk, Republic of Mordovia, 430006, Russian Federation;

Phone : +7 8342 29 50 00;

E-mail : orimex@orimex.ru; **website:** orimex.ru

TK ZhNF LLC

TK ZhNF LLC is the manufacturer of a coating that, in addition to outstanding hydrophobic properties, ensures the mechanical strength and durability of coatings, as well as the surface's long-lasting protection against corrosion and ice formation.

There are NO paint-and-varnish systems currently on the market capable of simultaneously demonstrating anticorrosive, hydrophobic and anti-icing properties. Existing products perform only one of these functions.

List of products:

- Fors anti-icing systems;
- anti-icing transparent varnish.

Contacts:

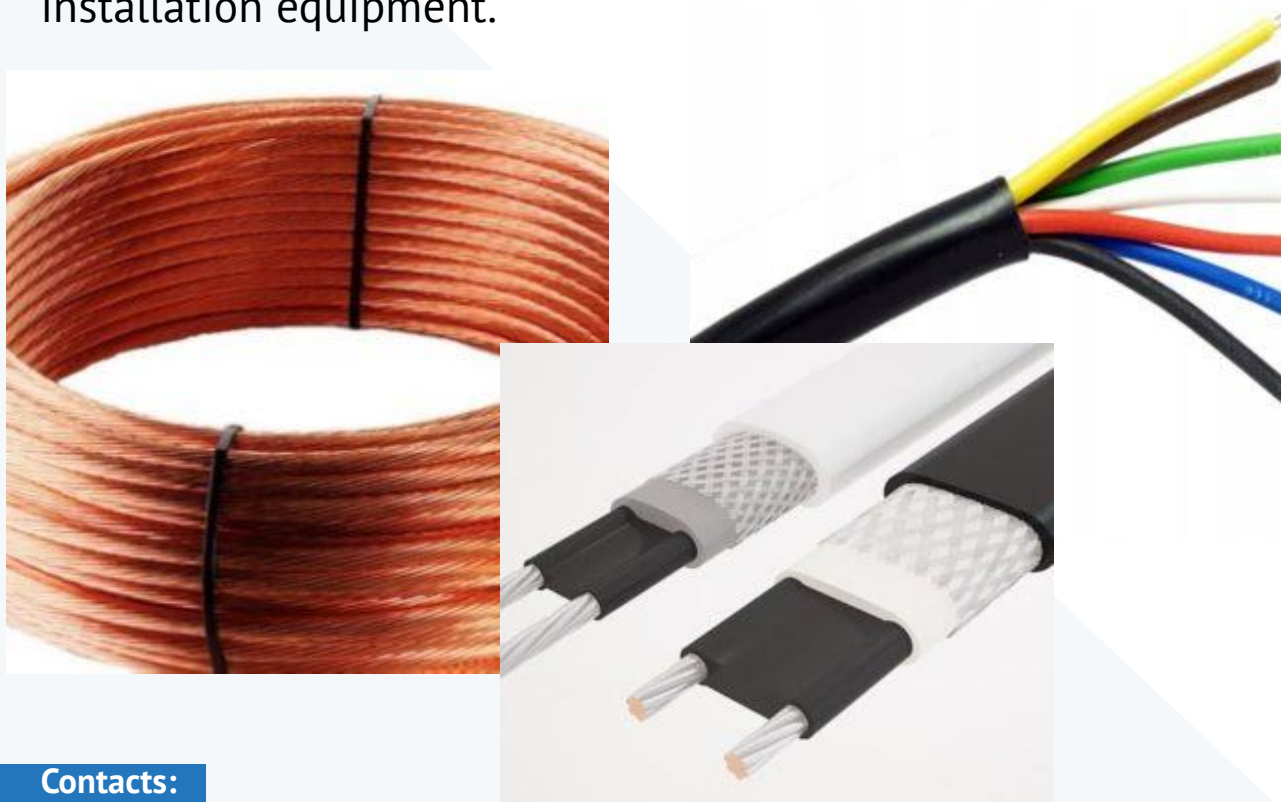

Address: 3 Lodygina St., Floor/Room/Shop 2/214/29, Saransk, Republic of Mordovia, 430034, Russian Federation;

Phone: +7 909 328 22 02;

E-mail: vestberg@cnnrm.ru **website:** fors-rm.ru

Leader-Compaund JSC

Leader-Compaund JSC is a manufacturer of peroxide cross-linkable compounds for power cables. It offers services in the design, selection and supply of cabling and wiring products and electrical installation equipment.

Advantages:

- high-tech production;
- strict quality control of all manufactured products.

Product range:

- XLPE peroxide cross-linkable compounds;
- HFFR halogen-free compounds;
- self-regulating heating cables;
- general-purpose industrial compounds.

Contacts:

Address: 31 1st Promyshlennaya St., Saransk, Republic of Mordovia, 430034, Russian Federation;

Phone: +7 8342 33 38 38;

E-mail: info@l-compaund.ru; **website:** l-compaund.ru

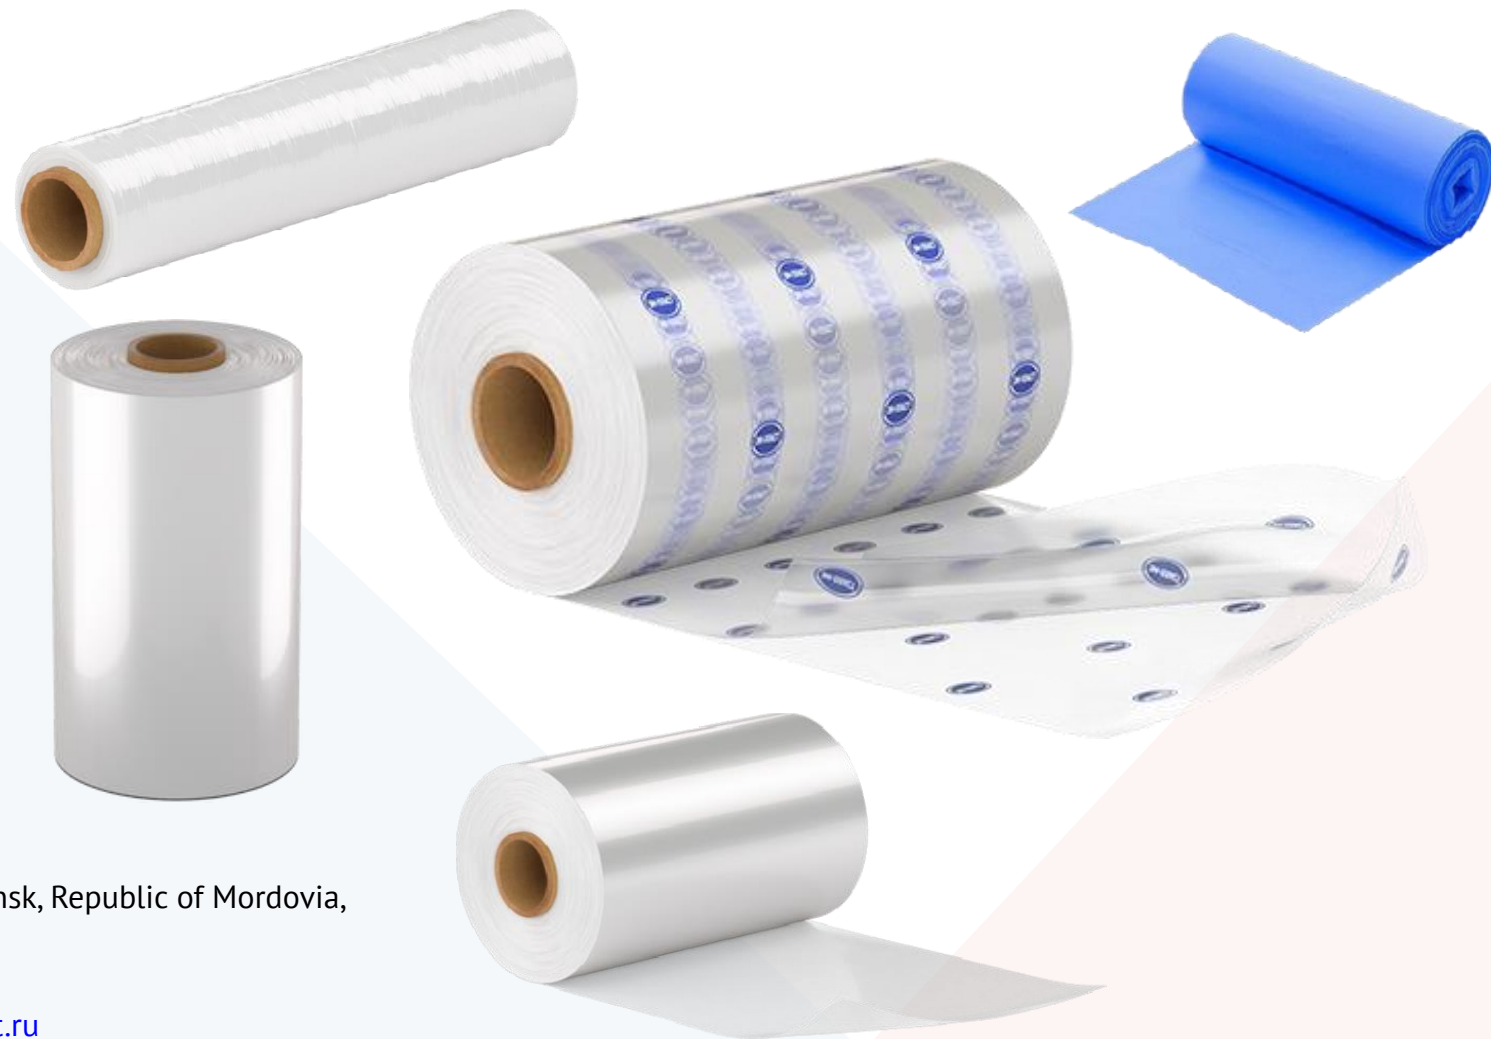

EM-PLAST LLC

Russia's largest and only plant engaged in the production of 5-layer heat-shrink polyolefin film.

Product range:

- heat-shrink polyolefin film:
- fabric,
- half-tubing,
- perforated film,
- film with print;
- food-grade stretch film;
- disposable shoe covers;
- garbage bags.

Contacts :

Address: 10A 2nd Promyshlennaya St., Saransk, Republic of Mordovia,
430006, Russian Federation;

Phone: 8 800 707 09 87, +7 8342 27-00-30.

E-mail: sales@emplast.ru; **website:** emplast.ru

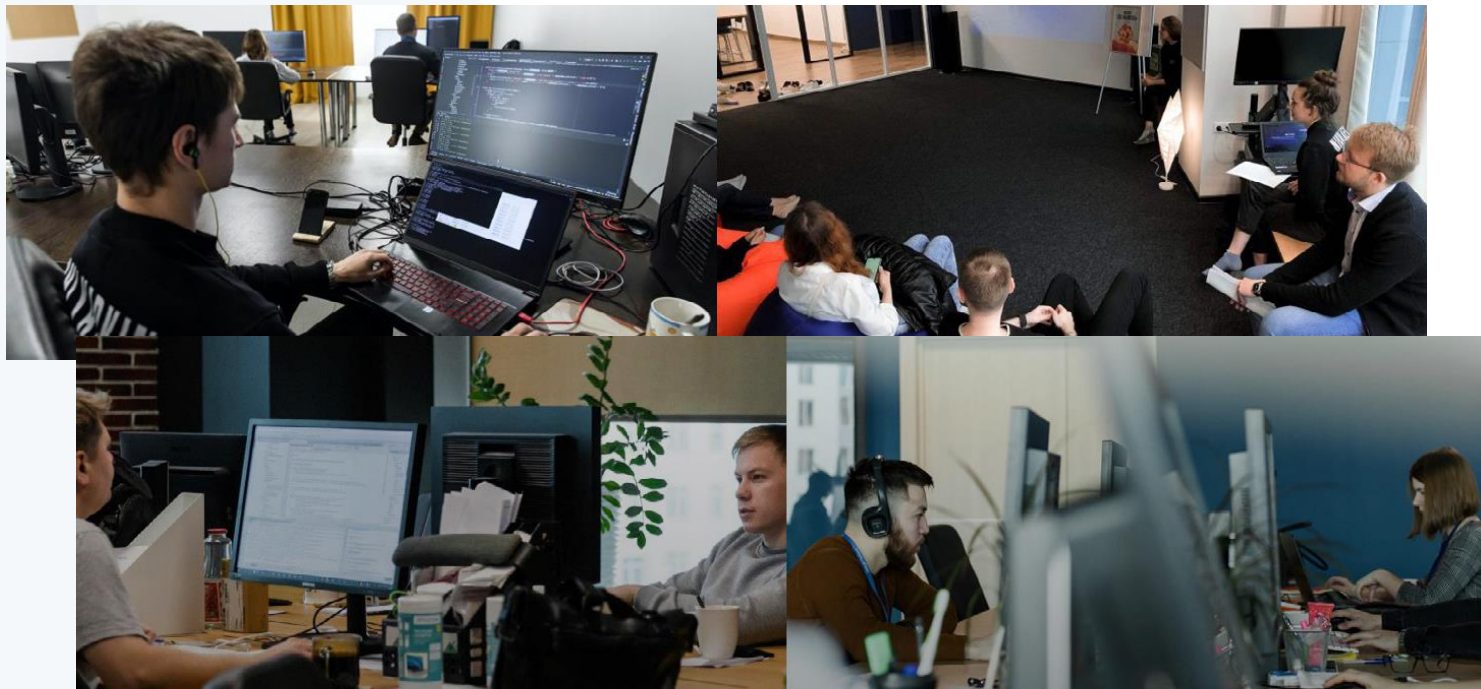

INFORMATION TECHNOLOGY

Infomaximum LLC

Infomaximum LLC is a software developer.

The company is a developer of the Proceset product.

It represents Russia's only active business-intelligence platform for major banks, telecoms and industrial enterprises.

Contacts:

Address: 30 Bolshevistskaya St., Saransk, Republic of Mordovia, 430005, Russian Federation;

Phone: +7 927 978 00 90, 8 800 555 89 02;

E-mail: k.suprun@infomaximum.com; **website:** infomaximum.com

**Within the one platform,
companies gain access to such
opportunities as:**

- creation of interactive reports and dashboards (Business Intelligence);
- process analytics with the option of monitoring business activities (Process Mining and Process Discovery);
- operational automation and data-based business decision-making (automation technology).

Bytex LLC

Bytex LLC is a company engaged in testing projects of any level of complexity: from online stores and simple mobile applications to large-scale AAA games and specialized B2B portals.

Services:

- functional testing;
- cross-browser testing;
- regression testing;
