FOOD INDUSTRY

Saransky Canning Factory JSC

Saransky Canning Factory JSC is a producer of canned dairy, vegetable and meat products, as well as frozen vegetable mixes.

Advantages:

- state-of-the-art equipment from leading European manufacturers;
- eco-friendly raw materials;
- natural, eco-friendly, high-quality products;
- exceptionally delicious taste.

Products offered:

- canned meat products;
- canned vegetables;
- canned dairy products;
- frozen vegetables;
- frozen berries.

Contacts:

Address: 54 Lenina Ave., Saransk, Republic of Mordovia, 430003, Russian Federation;
Phone: +7 8342 24 71 41;
E-mail: info@saranskkonserv.ru; **website:** saranskkonserv.ru

Mechta LLC

Mechta LLC is a producer of dairy products and cheese.

Advantages:

- eco-friendly raw materials;
- natural, eco-friendly, high-quality products;
- only own-produced milk is used;
- product quality control starts with the first seed sown to grow animal feed.

Product range:

- milk;
- fermented dairy products;
- cheese;
- butter;
- cottage cheese;
- cream.

Contacts:

Address: 61 Bogdana Khmelnitskogo St., Saransk, Republic of Mordovia, 430005, Russian Federation;

E-mail: info.mechta@hordel.ru; **website:** hordel.ru

Chamzinskaya Poultry Plant JSC

Chamzinskaya Poultry Plant JSC is Russia's largest poultry production complex, encompasses dozens of production sites. Chamzinskaya Poultry Plant JSC guarantees quality control at every stage of the poultry chain.

Advantages:

- guaranteed sustained quality;
- product safety;
- high service level;
- in the production of meat preference is given to the breed of broilers Cobb 500;
- high quality feed;
- careful and humane treatment of broilers.

Product range:

- chilled cut-up and carcass poultry;
- semi-processed meat products;
- sausage products;
- minced meat;
- frozen meat products.

Contacts:

Address: 1 Zavodskaya St., Office 1, Sabur-Machkasy Village Settlement, Chamzinsky District, Republic of Mordovia, 431711, Russian Federation;
Phone: +7 8343 72 05 70;
E-mail: info@hordel.ru; **website:** hordel.ru

Talina Group of Companies

Talina Group of Companies is an agro-industrial holding with fully integrated production.

Advantages:

- own eco-friendly raw materials;
- control product quality at every stage of production;
- eco-friendly products.

Product range:

- uncooked smoked products;
- gourmet delicacies;
- ready-cooked smoked sausages;
- semi-smoked sausages and hams;
- cooked sausages;
- frankfurters;
- wieners;
- pâtés and liver sausages;
- baking meat;
- chilled semi-processed products.

Saranskiy Distillery LLC

САРАНСКИЙ
ЛИКЕРОВОДОЧНЫЙ ЗАВОД

Saranskiy Distillery LLC is a modern production facility for the manufacture of distilled products and other beverages.

Advantages:

- retrofitted equipment;
- innovative technologies;
- unique recipes;
- highly-skilled professionals.

Product range:

- organic vodka;
- distillate vodka;
- classic vodka;
- pepper vodka;
- Sangvini dessert beverage;
- Mordovsky balsam;
- Royal Fox with Whiskey Flavor bitters;
- luxe vodka;
- sparkling/still drinking water;
- soft drinks.

Contacts:

Address: 58A Lenina Ave., Saransk, Republic of Mordovia, 430003, Russian Federation;
Phone: +7 8342 24 24 80;
E-mail: export@saranskiy.com; **website:** lvzsaransk.ru

Saransk Pasta Factory (SKMI) JSC

Saransk Pasta Factory (SKMI) JSC is a pasta producer.

Advantages:

- modern equipment;
- products are made from top-grade flour and purified water;
- wide product range and reasonable prices.

Product range:

- packaged premium Grandis pasta products made from semolina of milled durum wheat grain;
- packaged pasta products under the Solnechnaya Melnitsa trademark.

Contacts:

Address: 7 Rossiyskaya St., Yalga Workers' Settlement, Saransk, Republic of Mordovia, 430904, Russian Federation;

Ruzovo CJSC

Ruzovo CJSC is one of the most modern and high-tech egg processing plants in Russia.

Advantages:

- production is based on the best equipment using its own raw material base;
- safe products of the highest quality.

Product range:

- pasteurized liquid egg whites;
- fermented egg white powder;
- gelling egg white powder;
- pasteurized liquid egg yolks;
- egg yolk powder;
- fermented egg yolk powder (heat-proof);
- egg yolk-based compounds;
- liquid pasteurized melange;
- melange powder;
- dry eggshells in consumer packaging.

Contacts:

Address: 1a Nadezhdy St., Ruzaevka, Republic of Mordovia, 431444, Russian Federation;

Phone: +7 8345 16 99 69;

E-mail: ruzovo@ruzovo.ru; **website:** ruzovo.ru

KONSTANTA GROUP OF COMPANIES

KONSTANTA GROUP OF COMPANIES is a producer of complex food additives, technological aids, disinfectants and feed additives.

Product range:

- complex food additives for:
  - meat processing plants;
  - fish processing industries;
  - milk processing industries;
  - production of salads and second courses;
  - production of beer, kvass and beverages;
  - SALUS technological supplement agent;
  - DIABAX feed additive;
  - SANPRO antiseptic;
  - POOL PROTECTION swimming pool cleanser.

Application:

- food industry and public catering;
- agricultural sector.

Contacts:

Address: 7 Tsentralnaya St., Saransk, Republic of Mordovia, 430006, Russian Federation;
Phone: +7 987 992 00 02;
E-mail: gk-konstanta@mail.ru; **website:** gk-konstanta.ru

Gri-Mak LLC

Gri-Mak LLC is a manufacturer of products in three areas:

1. Rye malt production

Product range:

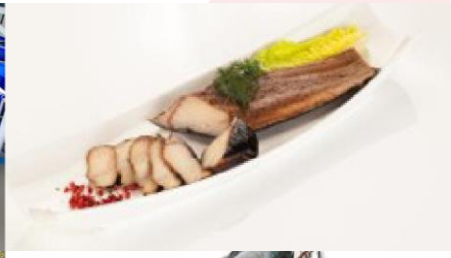
- dry rye malt (unfermented);
- dry rye malt (fermented);

2. Production of craft coal bags

3. African catfish farming

Product range:

- African catfish;
- steaks from fresh-frozen African catfish;
- fillet from fresh-frozen African catfish;
- vacuum-packed slices of cold-smoked African catfish;
- vacuum-packed pieces of hot-smoked African catfish;
- dried African catfish chips.



Contacts:

Address: 6A Studencheskaya St., Saransk, Republic of Mordovia, 430007, Russian Federation;
Phone: +7 8342 32 59 22;
E-mail: koravit@yandex.ru; **website:** grimak.ru

Food Export Trading House LLC

Food Export Trading House is an exclusive supplier of poultry meat produced according to the Halal standard.

Advantages:

- guaranteed, consistent quality;
- safe products;
- high level of service.

Product range:

- poultry carcasses;
- dressed poultry;
- semi-processed products;
- ready-to-eat products made from broiler chicken meat.

Contacts:

Address: 36 Vasenko St., Office 15, Saransk, Republic of Mordovia, 430030, Russian Federation;
Phone: +7 8342 77 70 01;
E-mail: foodexport13@mail.ru, ekohalal-marketing@mail.ru; **website:** eko-halal.ru

Karpai LLC

Karpai LLC is a leader in the production of roasted sunflower seeds in the Russian Federation.

Advantages:

- high-quality products;
- quality control throughout the process of receiving raw materials, cleaning, roasting, and packaging.

Product range:

- black salted sunflower seeds;
- white salted sunflower seeds;
- mixed salted sunflower seeds;
- premium sunflower seeds;
- selected sunflower seeds;
- selected sunflower seeds with peanuts;
- crackers;
- chak-chak.

Contacts:

Address: 21 Lenina Ave., Office 318, Saransk, Republic of Mordovia, 430005, Russian Federation;
Phone: +7 927 182 04 44;
E-mail: karpaiskie@mail.ru; **website:** karpaiskie.ru

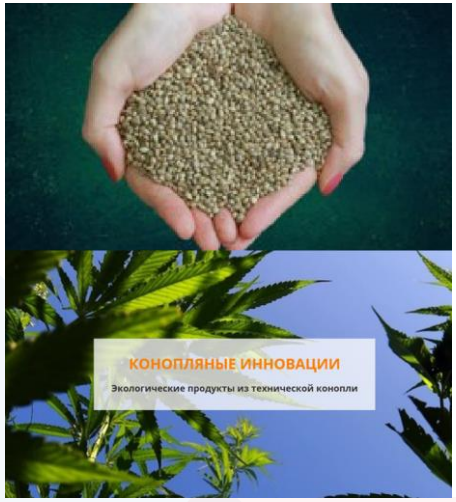
Mordovian Hemp Plants LLC

Mordovian Hemp Plants LLC is a manufacturer of top-quality industrial hemp.

Advantages:

- adherence to the best traditions of hemp cultivation;
- state-of-the-art equipment from leading manufacturers.

- **Product range:**
- FeelRight natural insulation;
- non-woven fabric from
- FeelRight hemp fiber;
- FeelRight hemp fiber;
- FeelRight bonfire hemp;
- FeelRight hemp seeds;
- FeelRight OMEGA hemp-seed oil.



Contacts:

Address: 38/1 Khoroshevskoye Highway, Moscow, 123007, Russian Federation;
Phone: +7 4957 88 63 29, +7 4993 83 08 88;

New Bereg LLC

New Bereg LLC is a manufacturer of snack products. It offers a unique type of crouton made from grain bread, prepared using a special technology with added sunflower and sesame seeds.

Advantages:

- modern equipment;
- high-quality raw materials;
- arrangement of the ECO production line.

Product range:

- ECO croutons;
- grain croutons;
- grain croutons with sauce;
- salad croutons.

Contacts:

Address: 1A Michurina St., Office 203, Nikolaevka Workers' Settlement, Saransk, Republic of Mordovia, 430903, Russian Federation;
Phone: +7 987 571 68 49;
E-mail: i.savinova@new-bereg.com; **website:** new-bereg.com

Biosphere LLC

Biosphere LLC is a manufacturer of ARIVERA grocery products, made in Russia and certified according to the European standard of organic farming.

Advantages:

- products are grown in the fields with exclusively natural fertilizers;
- products are offered in retail packaging.

Product range:

- buckwheat;
- wheat flour and rye flour;
- spelt wheat;
- oats;
- pearl barley;
- wheat and rye grains for germination;
- lentils;
- chick-pea.

Contacts:

Address: 8/1 Bolshoy Drovyanoy Lane, Marksistskaya or Taganskaya-Koltsevaya metro station, Moscow, Russian Federation

FERTILIZERS FOR AGRICULTURE

Sigma Plus Group of Companies

Sigma Plus Group of Companies is a manufacturer of products in the following areas:

Production of:

- preparations that facilitate an increase in output and improve the quality of products made by agricultural producers;
- preparations for the added fertilization of plants with microelements.

Agricultural preparations are produced under the Sigma Agro trademark.

Production of wood-dyeing products:

- wax oil, colorants;
- natural oils for wood;
- care & cleaning products;
- antiseptics and bleaching agents for wood;
- fire retardant for wood;
- Warm Seam acrylic sealant.

Contacts:

Address: 14 2nd Promyshlennaya St., Saransk, Republic of Mordovia, 430006, Russian Federation;

INSTRUMENT ENGINEERING

Electrovypryamitel PJSC

ПУБЛИЧНОЕ АКЦИОНЕРНОЕ ОБЩЕСТВО
ЭЛЕКТРОВЫПРЯМИТЕЛЬ

Electrovypryamitel PJSC is one of the leading developers and manufacturers of power semiconductor devices and power converters.

Advantages:

- extensive experience in development and production;
- in-house engineering research center;
- modern high-performance production facilities;
- high level of technical solutions and quality of manufactured products;
- wide range of products – over 1,000 individual items.

Products:

- semiconductor devices for power electronics;
- converter equipment;
- lighting engineering and other products.

Contacts:

Address: 126 Proletarskaya St., Saransk, Republic of Mordovia, 430001, Russian Federation;
Phone.: +7 8342 47 18 31; +7 8342 47 63 46; +7 8342 47 48 15;

Saransk Instrument Engineering Plant (SPZ) PJSC

SPZ PJSC is a manufacturer of bellows, instruments for the military-industrial complex, the nuclear and thermal power industry, the fuel and energy industry, enterprises engaged in transport engineering and the production of pipeline fittings and medical products.

Advantages:

- extensive computer numerical control machine-tool fleet;
- unique technologies and competences;
- in-house engineering department;
- accredited testing laboratory.

Product range:

- instrumentation products;
- bellows and bellow-based subassemblies;
- medical products for the connection of pneumatic equipment;
- external cooperation services.

Contacts :

Address: 9 Vasenko St., Saransk, Republic of Mordovia, 430030, Russian Federation;
Phone.: +7 8342 29 65 18;
E-mail : secretariat@saranskpribor.ru; **website :** saranskpribor.ru

Orbita JSC

Orbita-Svet LLC is a manufacturer of semiconductor rectifier units and voltage regulators for all types of generators used in Russian motor vehicles, electronic control gears for gas-discharge lamps and related lighting fixtures.

Product range:

- LED lighting fixtures for housing and public utilities;
- LED lighting fixtures for office lighting;
- LED lighting fixtures for architectural lighting;
- LED street lighting fixtures;
- greenhouse lighting fixtures;
- electronic control gear for fluorescent lamps;
- electronic control gear for sodium-vapor lamps;
- electronic control gear for metal halide lamps.

Contacts :

Address: 12 Pionerskaya St., Yalga Workers' Settlement, Saransk, Republic of Mordovia, 430904, Russian Federation;
Phone : +7 8342 25 47 76,+7 8342 25 38 90;
E-mail: elektro@orbita.su; **website:** orbita.su

Manometr Research & Production Center LLC

Manometr Research & Production Center LLC is a developer and manufacturer of modern pressure-measuring instruments for gaseous and liquid media.

Advantages:

- in-house design engineering department, metrological service and full-cycle production facilities;
- products comply with the highest quality standards.

Product range:

- differential pressure gauges – level gauges;
- differential pressure gauge;
- liquid oxygen indicator;
- pressure-difference transducer;
- differential pressure gauges;
- pressure gauges;
- air pressure indicators.

Contacts :

Address: 117/2 Sovetskaya St., Saransk, Republic of Mordovia, 430005, Russian Federation;
Phone.: +7 8342 24 00 11;

LIGHTING ENGINEERING

Lodygin NIIIS LLC

НАУЧНО-ИССЛЕДОВАТЕЛЬСКИЙ ИНСТИТУТ ИСТОЧНИКОВ СВЕТА ИМЕНИ А.Н. ЛОДЫГИНА

Lodygin Scientific Research Institute of Light Sources (NIIIS) LLC is a leading scientific and technical center of the Russian Federation in the field of light sources.

Advantages:

- researches in the field of all modern light sources;
- conducts scientific, industrial and commercial activities;
- a leader in the development and photometry of UV radiation sources and special-purpose lamps used in military equipment for many years;
- own testing laboratory for electric lamps and lighting products and a laboratory for standardization and provision of regulatory documentation.

Main product range:

- LED lamps;
- composite garden and park lamps;
- special purpose lamps;
- germicidal lamps.

Contacts :

Address: 3 Lodygina St., Saransk, Republic of Mordovia, 430034, Russian Federation;
Phone.: +7 8342 33 33 86;
E-mail : mail@vniiis.su; **website:** vniiis.su

Nepes Rus LLC

Nepes Rus LLC manufactures LEDs and LED fixtures using unique CapLED™ remote phosphor technology.

Product range:

- Cap Flat-series flat fixtures;
- Down Light-series spotlights;
- fluorescent-type lighting fixtures;
- Cap Linear-series striplights;
- streetlights.

Advantages:

- the uniqueness of CapLED™ technology lies in the fact that the phosphor is applied not to the blue LED itself, but rather to a separate cap that serves as a diffuser.

Contacts :

Address: 3 Lodygina St., Office 211, Saransk, Republic of Mordovia, 430034, Russian Federation;
Phone.: +7 8342 37 27 27;
E-mail: info@nepes.ru; **website:** nepes.ru

SUE Lisma LLC

Lisma is the largest manufacturer of light sources in Russia and the CIS.

Advantages:

- full production cycle — from the manufacture of semi-finished products and components to the assembly of ready-made light sources;
- product quality control at all stages;
- competitive cost of products.

Product range:

- general-purpose incandescent lamps (including decorative, local lighting);
- special-purpose lamps (including lamps for aircraft, floodlights, lamps for vessels, railway lamps);
- lighting fixtures.

Contacts :

Address: 5 Lodygina St., Saransk, Republic of Mordovia, 430034, Russian Federation;
Phone: +7 8342 77 70 60;
E-mail : info@lisma.su; **website :** lisma.su

Xenon LLC

Xenon LLC is one of Russia's leading developers and manufacturers of lighting fixtures, light sources and lighting-engineering electronics. The company designs its own lighting fixtures for industrial, public and street lighting.

Advantages:

- warranty and smoothly-running logistics;
- technical and informational support;
- certified products;
- custom-tailored approach to clients.

Product range:

- LED lighting fixtures;
- fluorescent humidor lighting fixtures;
- bactericidal irradiating lighting fixtures;
- bactericidal recirculating irradiating lighting fixtures.

Contacts :

Address: 68 Sovetskaya St., Insar, Insarsky District, Republic of Mordovia, 431430, Russian Federation;
Phone: +7 8342 48 01 92;
E-mail: marketing@xnn.ru; **website:** xnn.ru

Saransk Lighting-Engineering Company LLC

Saransk Lighting-Engineering Company LLC is the official representative of Ardatovsky Lighting-Engineering Plant JSC and Lighting Devices Plant LLC.

Advantages:

- sale of products manufactured by the two major lighting-engineering plants in Russia;
- working with customers in any region of Russia and the CIS;
- vast range of products – everything required for the implementation of virtually any lighting project;
- one of the best offers on the market at competitive prices.

Product range:

- public lighting fixtures;
- lighting fixtures for housing and public utilities;
- industrial lighting fixtures;
- street lighting fixtures;
- special lighting equipment.

Contacts :

Address: 73 Zavodskaya St., Turgenevo Workers' Settlement, Ardatovsky District, Republic of Mordovia, 431890, Russian Federation;
Phone: +7 8342 33 30 05;
E-mail: Trilux13@bk.ru; **website:** td-ssk.com

Lighting Devices Plant LLC

A major supplier of lighting-engineering products under its own brand.

In its operations, it utilizes the extensive experience of Ardatovsky Lighting-Engineering Plant JSC as the core company, as well as its own developments in the field of LED lighting fixtures and fluorescent lamps.

Product range:

- public lighting;
- lighting for housing and public utilities;
- industrial lighting;
- street lighting.

Contacts :

Address: 5g Lodygina St., Saransk, Republic of Mordovia, 430034, Russian Federation;
Phone: +7 8342 37 27 11;
E-mail: info@zsp-lighting.ru; **website:** zsp-lighting.ru

Ardatovsky Lighting-Engineering Plant JSC

Ardatovsky Lighting-Engineering Plant JSC is the largest lighting-engineering company in Russia. It carries out the entire production process: from scientific development to the output of finished products. The company uses state-of-the-art technologies and designs that comply with international standards.

Key priorities:

- customer focus;
- high-quality products;
- professional services.

Product range:

- LED lighting fixtures;
- lighting fixtures for shop floors with LED;
- lighting fixtures for offices and public spaces;
- outdoor lighting fixtures;
- bactericidal and erythema irradiators;
- control gears for fluorescent lamps.

Contacts :

Address: 73 Zavodskaya St., Turgenevo Workers' Settlement, Ardatovsky District, Republic of Mordovia, 431890, Russian Federation;
Phone: 8 800 550 91 12, +7 8342 33 30 05;
E-mail: mirsveta@astz.ru; **website :** astz.ru

Lighting Solutions Research & Production Company LLC

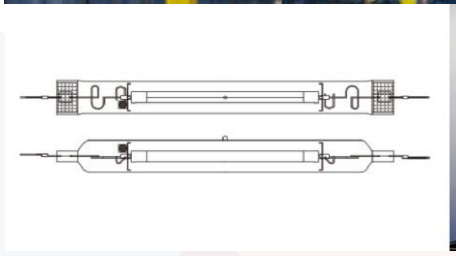
Lighting Solutions Research & Production Company LLC is a major manufacturer of light sources in Russia and the CIS.

Advantages:

- state-of-the-art production technologies;
- wide scope of application;
- highly-skilled engineering approach;
- quality assurance and certificates;
- optimal solutions for non-routine tasks;
- custom-tailored approach to clients.

Product range:

- bactericidal lamps;
- greenhouse lighting;
- industrial and street lighting;
- solutions for digital motion-picture projectors;
- stage lighting.



Contacts :

Address: 60 Bolshevistskaya St., Room 4, Office 909, Saransk, Republic of Mordovia, 430005, Russian Federation;
Phone: +7 8342 54 64 93;
E-mail: info@npfsvr.ru; **website:** etara.su

UV Technology LLC

UV TECHNOLOGY LLC is a developer and manufacturer of innovative lighting-engineering and electrical products.

Product range:

- UV lamps;
- aircraft lamps;
- control devices for UV lamps;
- bactericidal irradiators and recirculators;
- insect traps.

Application:

- healthcare facilities;
- housing and public utilities;
- agriculture, industry, households, etc.

Contacts :

Address: 2A Lugovaya St., Ruzaevka, Republic of Mordovia, 431443, Russian Federation;
Phone: +7 8342 54 61 41;
E-mail : i.pelageykina@uv-technology.ru ; **website :** uv-technology.ru

SELZ-Export LLC

SELZ-Export LLC is a trading company engaged in the sale of lighting-engineering products.

Product range:

- quartz-halogen thermal radiator lamps;
- linear quartz-halogen lamps;
- special light sources.

Application:

- food-processing, woodworking and semiconductor industries of the national economy;
- for architectural and special lighting;
- for outdoor, industrial and household lighting.

Contacts :

Address: 2 Gaidara St., Saransk, Republic of Mordovia, 430006, Russian Federation;
Phone: +7 8342 29 50 08; +7 8342 29 50 10

Agrofotonika RM LLC

АГРОФОТОНИКА-РМ
СИСТЕМЫ СВЕТОДИОДНОГО ОСВЕЩЕНИЯ

Agrofotonika RM LLC is a manufacturer of energy-efficient LED phyto-lamps for greenhouses with an adjustable radiation spectrum.

Product range:

- phyto-irradiator with an adjustable radiation spectrum;
- phyto-irradiator with a constant radiation spectrum and matte screen.

Application:

- in greenhouses for year-round or winter application when growing light-demanding vegetables, berries, seedlings and flowers.

Contacts :

Address: 3 Lodygina St., Saransk, Republic of Mordovia, 430034, Russian Federation;
Phone: +7 927 188 65 63;
E-mail : info@agrofoton.ru ; **website :** agrofoton.ru

Svetcom LLC

Svetcom LLC exclusively represents on the Russian market the latest advancement in the field of lighting technology – FLEXBRIGHT flexible LED film.

Products by Svetcom are based on LED Foil flexible LED screen.
Their luminosity, light weight and high transparency offer a significant advantage over conventional solutions.

Product range:

- transparent flexible LED screens for shop windows, restaurants, shopping malls, car showrooms;
- flexible LED screens for vehicles;
- portable LED screens (roll-up video);
- illuminated fabric panels.

Contacts :

Address: 3 Lodygina St., Saransk, Republic of Mordovia, 430034, Russian Federation;

Transvet LLC

ООО «ТРАНСВЕТ»

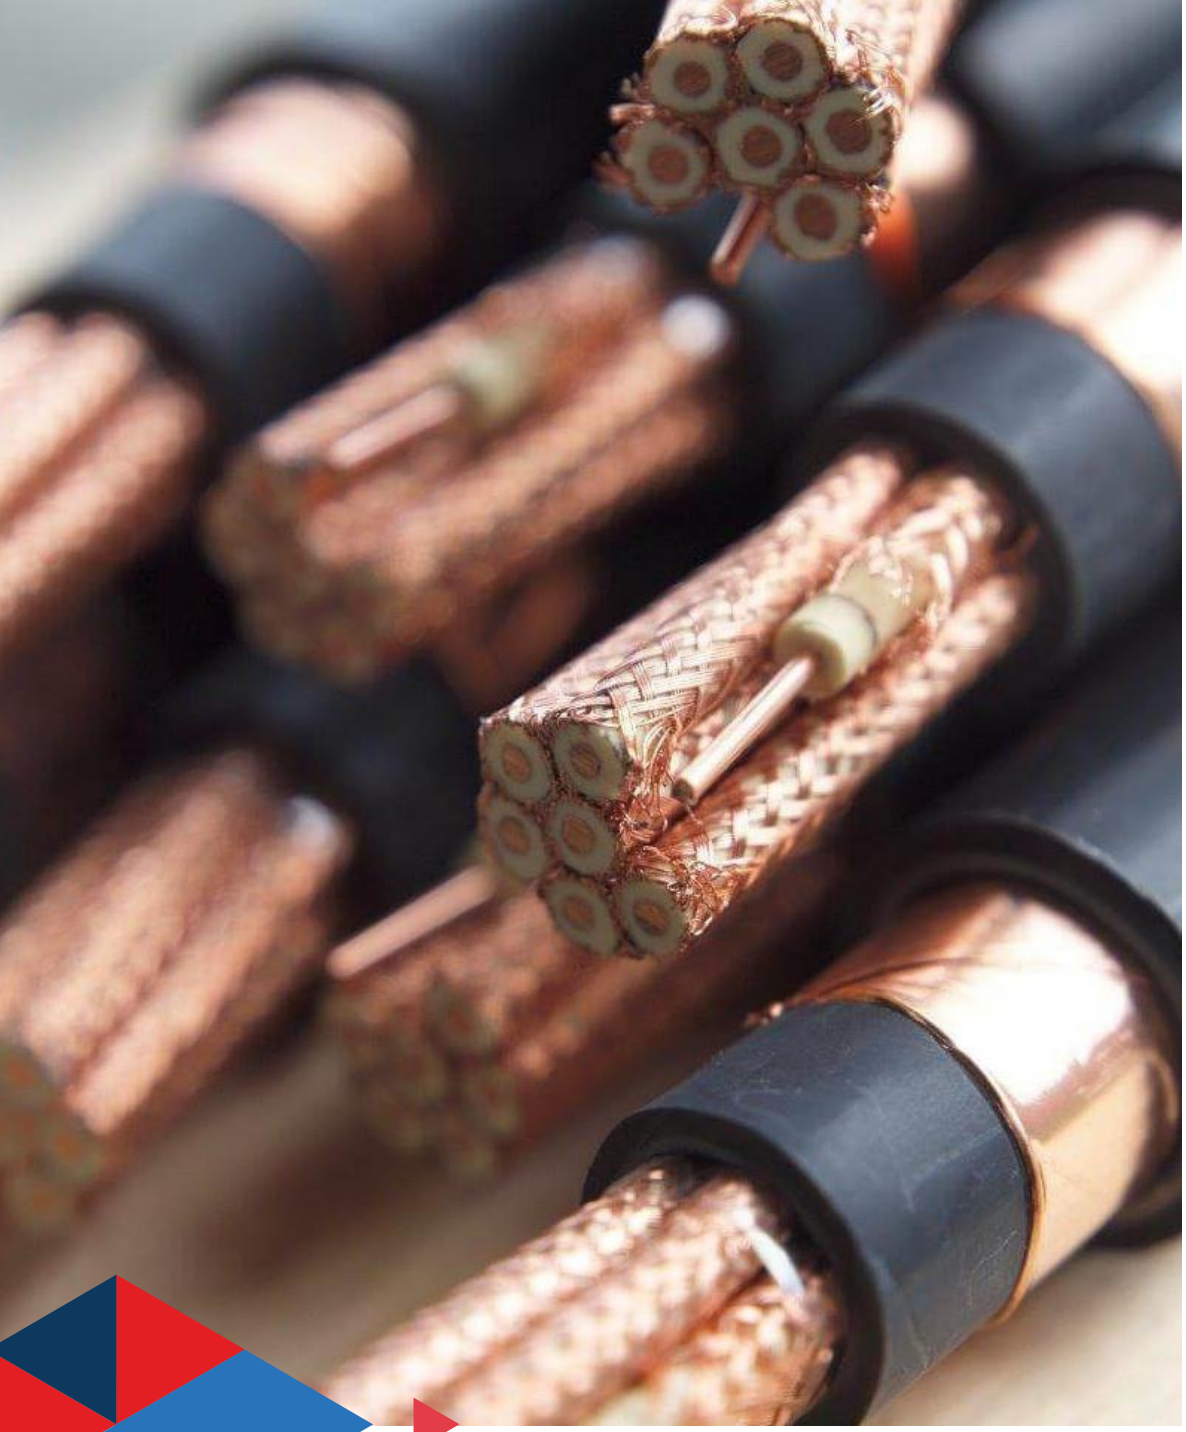
Transvet LLC specializes in the development and production of transport lighting for railway passenger cars and the interiors of urban transport.

Advantages:

- economical power consumption;
- reliable operation in severe climatic conditions;
- fireproof and anti-vandalism design;
- light fixtures and lines have a modern design;
- extended service life;
- prompt response to customer preferences and light-fixture design modifications.

Contacts :

Address: 39b 1st Promyshlennaya St., Saransk, Republic of Mordovia, 430006, Russian Federation;
Phone: +7 8342 29 44 83;
E-mail : transvet1993@mail.ru; **website :** transvet13.com



CABLE PRODUCTS

Saranskkabel LLC

Saranskkabel LLC is one of the leading enterprises of the Russian cable industry. The company's products are widely used in the construction of the country's major traffic arteries.

Advantages:

- modern high-tech equipment fleet;
- world-class products with the shortest-possible lead time.

Product range:

- power cables with cross-linked polyethylene insulation;
- power cables with ethylene-propylene rubber insulation;
- plastic-insulated power cables;
- paper-insulated power cables;
- control cables;
- communication cables and wires;
- signaling and interlocking cables;
- oil submersible cables;
- wires.

Contacts :

Address: 3 Stroitelnaya St., Saransk, Republic of Mordovia, 430001, Russian Federation;
Phone: +7 8342 77 76 67;
E-mail: crm@saranskkabel.ru; **website:** saranskkabel.ru

EPROMET LLC

EPROMET LLC is a manufacturer of aluminum and copper wire rods. The company's output capacity is 10 thousand tons of aluminum wire rod and 5 thousand tons of copper wire rod per year. EPROMET LLC is a part of the Saranskkabel LLC Group of Companies.

Advantages:

- capacity to produce wire rod in all standard sizes;
- consistent in-stock availability of products;
- guaranteed quality of manufactured products at the level of world standards.

Product range:

- aluminum wire rod according to State Standard (GOST) 13843-78 grades;
- aluminum alloy wire rod per TU 16-705.493-2006;
- AVE aluminum alloy wire rod according to GOST 20967-75;
- copper wire rod with a diameter of 8 mm, 16 mm, 18 mm;
- aluminum alloy wire rod hardened in coils with subsequent natural ageing per TU 16-705.493-2006.

Contacts :

Address: 1 Stroitelnaya St., Room 2, Saransk, Republic of Mordovia, 430001, Russian Federation;
Phone.: +7 8342 22 26 22, ext. 287;
E-mail : info@epromet.ru; **website:** epromet.ru

Opticenergo Group of Companies

Opticenergo Group of Companies is one of the largest manufacturers of cabling and wiring products in Russia.

It is comprised of:

- Saranskkabel-Optica LLC;
- EM-CABLE LLC;
- EM-KAT LLC;
- SARMAT-EM LLC;
- EM-PLAST LLC;
- TRADING HOUSE SARANSKKABEL-OPTICA LLC
- TRADING HOUSE EM-CABLE LLC
- OPTICENERGO TEST CENTER LLC

and other companies

Saranskkabel-Optica Ltd.

The company is one of the three leaders in the production of fiber-optic cable in Russia. The production arsenal also includes cables and wires for power lines and structured cabling systems. Production experience of more than 20 years.

Product range:

- fiber-optic cables, including cables embedded in a lightning protection cable;
- wires for overhead power lines;
- self-supporting insulated wires combined with an optical cable;
- symmetrical copper cables of paired twist (LAN cables).

Contacts :

Address: 3G/1 Stroitelnaya St., Saransk, Republic of Mordovia, 430001, Russian Federation;
Phone.: +7 8342 47 38 13,+7 8342 48 02 99,+7 8342 48 03 55;
E-mail: optic@sarko.ru; **website:** sarko.ru

EM-CABLE LLC

EM-CABLE LLC is a manufacturer of cabling and wiring products.

Product range:

- power cables with plastic insulation for a voltage of 0.66 – 6 kV;
- flexible cables and wires up to the 6th class of flexibility for voltage up to 1 kV;
- control cables;
- self-supporting insulated wires of the self-supporting insulated wires-2 (SIP-2), self-supporting insulated wires (SIP-3), self-supporting insulated wires (SIP-4) brands;
- non-insulated wires, clad with aluminum;
- corrosion-resistant road cables, DTC brands, etc.

The high quality of the company's products is confirmed by the following certificates:

- GOST R national standard, Technical Regulations of the Customs Union (TRCU);
- SGS international standard;
- license granted by the Federal Environmental, Industrial and Nuclear Supervision Service of Russia, etc.

Contacts :

Address: 10A 2nd Promyshlennaya St., Saransk, Republic of Mordovia, 430006, Russian Federation;
Phone: +7 8342 38 02 01;
E-mail: mail@emcable.ru; **website:** emcable.ru

EM-KAT LLC

EM-KAT LLC specializes in the manufacture of the following types of products: aluminum wire rod and aluminum alloy wire rod for electrical-engineering purposes, aluminum wire for the manufacture of wire and for other electrical-engineering purposes.

Production operations provide for the manufacture of aluminum alloy wire rod for the manufacture of self-supporting insulated wires.

Product range:

- AZrK aluminum-zirconium wire rod;
- aluminum wire rod;
- KAS aluminum alloy wire rod;
- SvAK5 aluminum alloy wire rod;
- AL 59 aluminum alloy wire rod.

Contacts:

Address: 10A 2nd Promyshlennaya St., Saransk, Republic of Mordovia, 430006, Russian Federation;
Phone: +7 8342 22 24 94, +7 8342 27 00 22;
E-mail: manager@em-kat.ru; **website:** em-kat.ru

SARMAT LLC

SARMAT LLC is a Russian-Spanish company that produces spiral fittings for power lines and fibre optic link. It is part of the Optikenergo Group of Companies.

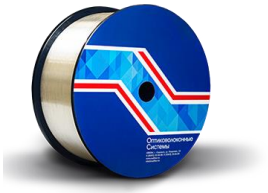
Product range:

- fittings for lightning protection cables and ropes;
- fittings for non-insulated wires;
- fittings for cable of ADSS type;
- fittings for cable of OPGW type;
- linear fittings for self-supporting insulated wires.

Contacts :

Address: 3B Stroitelnaya St., Saransk, Republic of Mordovia, 430006, Russian Federation;
Phone: +7 8342 48-09-28;
E-mail: sale@sarmatura.ru, sale-sip@sarmatura.ru; **website:** sarmatura.ru

Optic Fiber Systems JSC



Optic Fiber Systems JSC is Russia's first plant for the production of optical fiber. The plant produces telecommunications and industrial optical fiber, implements the latest advancements in the creation of nanostructures in optical fiber and the use of nanotechnology to improve fiber properties.

Product range:

- G.652 Standard single-mode fiber is a thin (5-8 micrometers) glass core;
- G.651 Multi-modal graded-index fiber;
- G.655 Non-zero-dispersion shifted fiber;
- G.657 Low bending-loss fiber.

Contacts:

Address: 13 Lodygina St., Saransk, Republic of Mordovia, 430006, Russian Federation;
Phone: +7 8342 33 36 88; +7 8342 33 36 89;
E-mail: info@rusfiber.ru; **website:** rusfiber.ru

RENOME GROUP LLC

RENOME GROUP LLC is a trading company. It is capable of providing the customer with integrated supplies of electrical equipment for the equipping of industrial enterprises and construction facilities, as well as buildings and structures under construction, in any required amount.

Advantages:

- thanks to its long-term partnerships with manufacturing enterprises, Renome Group can offer a wide range of equipment and components by domestic and foreign manufacturers.

Product range:

- cabling and wiring products;
- power semiconductor devices (thyristors, diodes, thyristor-diode modules, IGBT modules).

Contacts:

Address: 2B Kirillova Lane, Office 312, Saransk, Republic of Mordovia, 430004, Russian Federation;
Phone: +7 495 646 03 55, 8 800 333 72 79;
E-mail: zakaz@megacable.ru; **website:** megacable.ru

Titan Cable Plant LLC

Titan Cable Plant LLC is a manufacturer of VVG brand power cables and PVS connecting wires. The range of manufactured products includes 24 items and 130 standard sizes.

Advantages:

- product quality complies with State Standard (GOST);
- 100% quality control is carried out at all stages of production.

Product range:

- power cables (VVG, VVGng);
- electrical leads (PVS, PUGV);
- installation wires (PUV, PUGV);
- heating wires (PNSV, PTPZh);
- copper wire from 1.1 mm to 2.2 mm;
- high density polyethylene (HDPE) technical pipes.

Contacts:

Address: 1 Stroitelnaya St., Office 215, Saransk, Republic of Mordovia, 430001, Russian Federation;
Phone: +7 8342 54 63 03;
E-mail: info@kztitan.ru; **website:** kztitan.ru

NK-Kabel LLC

NK-Kabel LLC is a company with many years of experience in the supply and assembly of cabling & wiring and electrical products for construction industry facilities, the production sector, information systems and the power industry.

Services:

- electrical installation work;
- manufacture of cable reels;
- manufacture of lighting fixtures;
- production of concrete;
- manufacture of low-voltage integrated devices.

Product range:

- cable products;
- wiring accessories;
- electrical equipment;
- lighting-engineering products.

Contacts :

Address: 7V Lodygina St., Saransk, Republic of Mordovia, 430034, Russian Federation;
Phone: 8 800 500 43 10, +7 8342 33-34-00;
E-mail: zakaz@nk-kable.ru; **website:** nk-kabel.ru

RAILCAR MANUFACTURING SPECIAL EQUIPMENT

RM Rail MC LLC

RM Rail MC LLC is a manufacturer of freight rolling stock in Russia, the largest in terms of output and the share of a specialized fleet.

Key facts:

- over 100 certified railway wagon models;
- 12,000 railway wagons per year;
- 50,000 tons of casting per year;
- over 7000 employees;
- own engineering center;
- developed production base;
- foundry complex;
- rolling stock repair and service.

Product range:

- railway wagons of various types;
- foundry products (railway wagon, automobile casting, etc.);
- containers and tank containers;
- modular buildings;
- equipment for gas and petrochemical products;
- vertical steel tank.

Contacts:

Address: 11 Lodygina St., Saransk, Republic of Mordovia, 430006, Russian Federation;
Phone: 8 800 201 07 00, +7 8342 38-07-38;
E-mail: sales@rmrail.ru; **website:** rmrail.ru

AGRO-IDEA LLC

AGRO-IDEA LLC is a manufacturer of agricultural and irrigation machinery and equipment.

- **Forage harvesting**
  - PRF-145 round baler;
  - PRF-180 round baler.

- **Fertilizer distributors**
  - MZh-11, MZh-15, MZh-18 machines;
  - PST-9, PST-6 tractor-tipper semitrailer.

- **Irrigation**
  - IRRIGREAT sprinkling machine.

Contacts:

Address: 11b Stroitelnaya St., Saransk, Republic of Mordovia, 430030, Russian Federation;
Phone: +7 8342 27 02 23;
E-mail: ngfirstova@mail.ru; **website :** agro-idea.ru

Mordovagromash JSC

Mordovagromash JSC is a manufacturer of trailed agricultural machines.

Product range:

- tractor-tipper trailers and semitrailers;
- feed distributors;
- seeders;
- tillage machinery;
- trailed fire-fighting machinery;
- chassis for tractor trailers;
- car trailers and semi-trailers;
- mineral-fertilizer spreaders.

Contacts:

Address: 15A Rabochaya St., Lukhovka Workers' Settlement, Saransk, Republic of Mordovia, 430008, Russian Federation;
Phone: +7 963 146 00 02;
E-mail: omise@oaomam.ru; **website:** oaomam.ru

NeftehGazMash Research & Production Association LLC

NeftehGazMash Research & Production Association LLC is a manufacturer of high-tech types of machines; machine tools; mechanisms; special process equipment for the petrochemical, gas and machine-building industries; tank containers for the storage and transportation of hydrocarbons; components for railway-car production, as well as agricultural machinery.

Product range:

- tanks and vessels;
- automotive equipment;
- agricultural equipment;
- metal structures;
- railway products;
- equipment for brickworks.

Contacts:

Address: 119 Pionerskaya St., Ruzaevka, Republic of Mordovia, 430030, Russian Federation;
Phone: +7 8345 16 24 15;
E-mail: neftehgazmash@mail.ru; **website:** ngmrm.ru

Dormash JSC

АО "ДОРМАШ"

Dormash JSC is a manufacturer of tillage machinery.
Its products are found not only in the agricultural sector – they're also used as special-purpose machinery at road, gas, energy & construction services, as well as in housing and public utilities.

Advantages:

- simple-yet-reliable design;
- durability and ease of service.

Product range:

- disk harrow;
- spare parts for disk harrows;
- road-building machinery;
- utility machinery;
- spare parts for excavators;
- railway products.

Contacts:

Address: 1a Zavodskaya St., Bolshaya Yelkhovka Settlement, Lyambirsky District, Republic of Mordovia, 431503, Russian Federation;
Phone: +7 8342 25 27 27,+7 8342 25 27 88;
E-mail: tdumz@mail.ru; **website:** dorozhnik.org

SaranskSpecTekhnika Trade House LLC

SaranskSpecTekhnika Trade House LLC is a company whose main activity is the production and sale of light trailers throughout Russia. The categories:

O1 – trailers with a gross weight not exceeding 0.75 tons.
O2 – trailers with a gross weight in the range of 0.75 tons – 3.5 tons.

Product range:

- general-purpose light-load trailers;
- light-load trailers for transporting water equipment;
- light-load commercial trailers.

Contacts:

Address: 11B Stroitelnaya St., Saransk, Republic of Mordovia, 430030, Russian Federation;
Phone: +7 8342 38 04 27,+7 8342 38 04 17;
E-mail: info@sstrm.ru; **website:** sstrm.ru

Franz Kleine LLC

Franz Kleine LLC is a manufacturer of agricultural machinery and related spare parts.

Advantages:

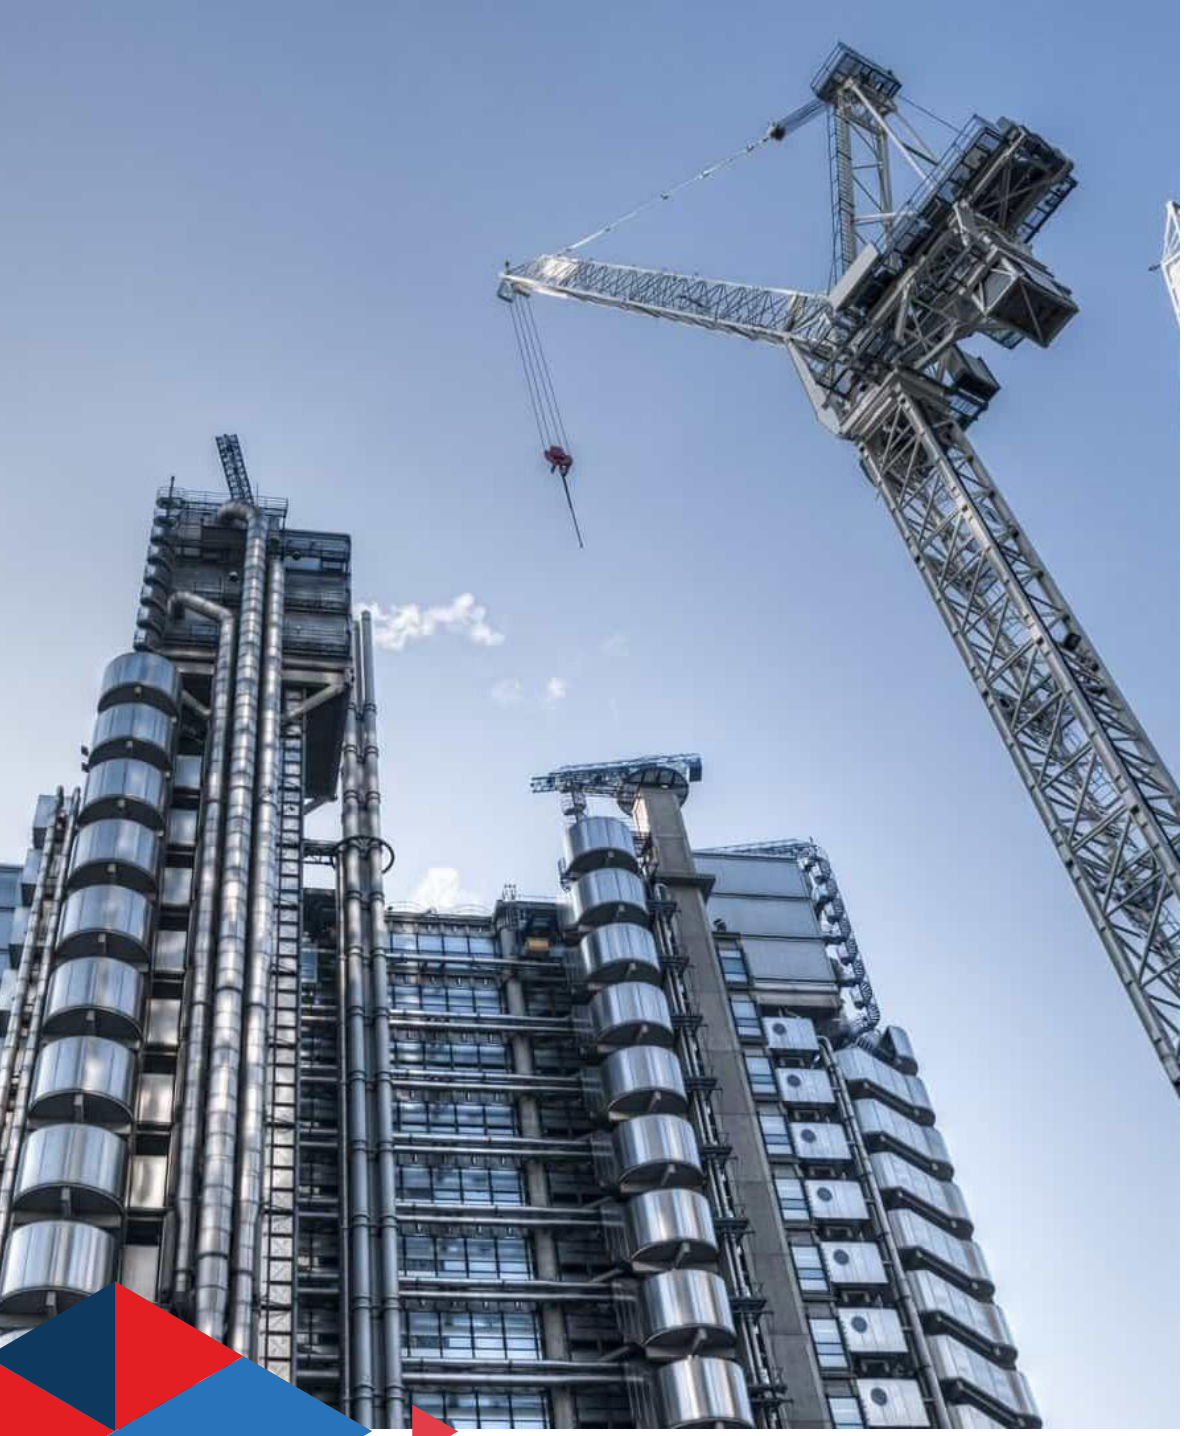
- user friendliness;
- high performance;
- usability;
- cost effectiveness.

Product range:

- LS 16/LS 25 sugar beet trailer-loaders;
- RL 200 self-propelled beet loading-and-cleaning harvester;
- SF 10-2 self-propelled beet harvester.

Contacts:

Address: 128 Sevastopolskaya St., Saransk, Republic of Mordovia, 430031, Russian Federation;
Phone: +7 8342 56 01 10;
E-mail: office@franz-kleine.ru; **website:** franz-kleine.ru



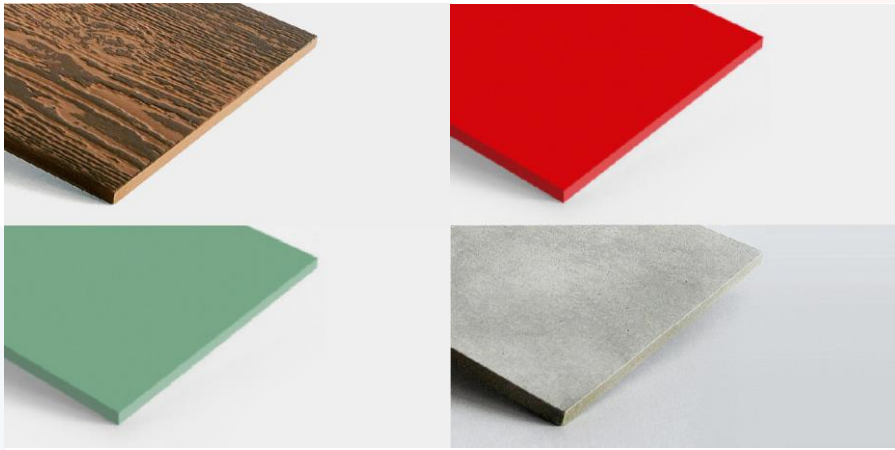
BUILDING AND CONSTRUCTION

Lato JSC

Lato JSC is one of Russia's leading companies for the production of construction materials, specializing in the manufacture of asbestos cement products and fiber-cement boards.

Product range:

- LATONIT colored board;
- LATONIT fiber-cement board;
- LATONIT vandalism-proof board;
- LATONIT stuff-dyed board;
- LATONIT siding panel.



Contacts:

Address: Komsomolsky Workers' Settlement, Chamzinsky District, Republic of Mordovia, 431720, Russian Federation;
Phone: 8 800 234 28 22, +7 (83437) 3-01-11;
E-mail: info@latonit.ru; **website:** latonit.ru

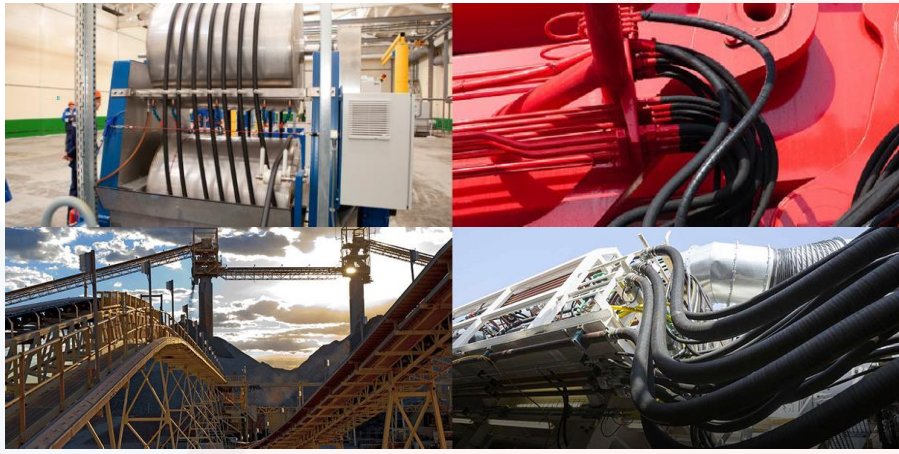
Saransky Zavod Rezinotekhnika OJSC

Saransky Zavod Rezinotekhnika OJSC is one of Russia's largest manufacturers of industrial rubber products, forming part of the Rubex Group holding.

The holding has established a complete production-process chain – starting with the manufacture of rubber compounds and ending with the output of finished products for all industries and the agricultural sector.

Core products:

- molded products;
- extrusions;
- hoses;
- belts;
- adhesives for various applications;
- conveyor belts;
- tack-glued products.



Contacts:

Address: 15 Severo-Vostochnoye Highway, Oktyabrsky District, Saransk, Republic of Mordovia, 430015, Russian Federation;
Phone: +7 834 238 04 13;
E-mail: saransk@rubexgroup.ru ; **website:** rubexgroup.ru

Plyterra CJSC

Plyterra CJSC is the leading woodworking company in the Republic of Mordovia. The company produces birch plywood for shipbuilding, car building, commercial transport, construction, etc.

Product range:

- Plyterra Birch Interior – birch plywood of FC brand;
- Plyterra Birch Exterior – birch plywood of increased moisture resistance of the FSF brand;
- Plyterra Deck is an ultra–strong laminated plywood with a smooth surface;
- Plyterra Color – plywood lined with wear-resistant melamine film;
- Plyterra Parquet – birch plywood with special thickness tolerances for parquet production, etc.

Advantages:

- the high quality of plywood is confirmed by certifying authorities in Russia, Europe and North America.

Contacts:

Address: 128/4 Sevastopolskaya St., Saransk, Republic of Mordovia, 430031, Russian Federation;
Phone: +7 8342 56 01 26;
E-mail: info@plyterra.ru; **website:** plyterra.ru

Magma Ceramic LLC

Magma Ceramic LLC is a modern plant for the production of wall materials. All products are manufactured on an automated production line by KELLER (Germany) using the plastic-molding method.

Advantages:

- own high-quality raw material base;
- operation of process equipment by KELLER HCW GmbH (Germany);
- state-of-the-art, high-performance global production technologies;
- wide range of manufactured products;
- well-developed logistics and sales infrastructure.

Product range:

- ceramic bricks;
- ceramic stones;
- clinker bricks in a range of colors;
- clinker paving-stone blocks;
- face flash-brick used in Bavarian masonry.

Contacts:

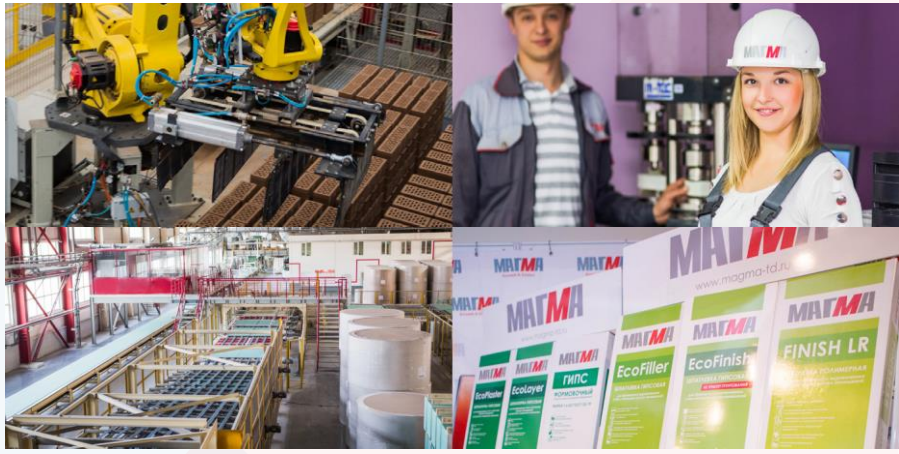
Address: 77 2nd Mikroraion St., Dubenky Village Settlement, Dubensky District, Republic of Mordovia, 431770, Russian Federation;
Phone: 8 800 222 33 15, 8 800 350 59 79, +7 (834) 472-30-94;
website: dkz-stolz.ru

Magma LLC

The MAGMA Group of Companies is an association that specializes in mining operations and the production & distribution of construction and finishing materials.

Product range:

- dry mix mortars;
- gypsum plasterboards;
- tongue-and-groove plaster blocks;
- gypsum binders.



Contacts :

Phone: 8 8343 73 00 10;
E-mail: sale@kompozit-td.ru; **website:** Magma-td.ru

PromTeploPanel Saransk Plant LLC

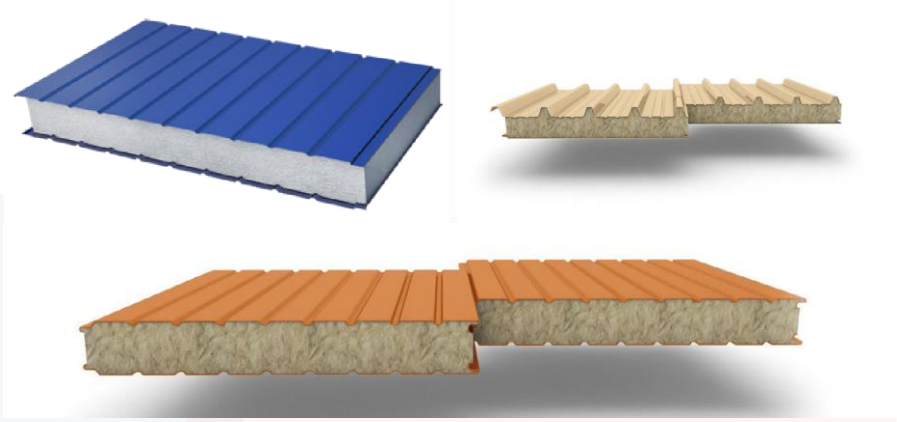
PromTeploPanel Saransk Plant LLC is a manufacturer of three-ply sandwich panels. It produces wall and roof sandwich panels filled with mineral wool insulation or expanded polystyrene, as well as related shaped (flashing) elements.

Advantages:

- high-quality raw materials from leading manufacturers;
- state-of-the-art automated equipment by DUEMAS with a production capacity of up to 70,000 sq.m. per month.

Product range:

- wall sandwich panels;
- roof sandwich panels;
- shaped elements and components;
- clamps for mounting sandwich panels.



Contacts:

Address: 11b Stroitelnaya St., Saransk, Republic of Mordovia, 430030, Russian Federation;
Phone: +7 8342 27 02 39, 8 800 550 62 60;
E-mail: zakaz@promteplopanel.ru; **website:** promteplopanel.ru

Construction Composites LLC

КОНСТРУКЦИОННЫЕ КОМПОЗИТЫ

Construction Composites LLC is a manufacturer of polymer composite materials.

Advantages:

- production of composite products by high-pressure injection pultrusion;
- own fleet of high-tech production equipment;
- resistance to corrosion and aggressive environments;
- high strength with low weight (4 times lighter than steel);
- wide operating temperature range;
- low cost of logistics and installation.

Product range:

- round bar;
- channel;
- round pipe;
- angular iron;
- I - beam;
- square pipe;
- flat sheet;
- railings;
- benches;
- stairs and platforms;
- fences;
- entrance units and pergolas;
- sound-proof screens, etc.

Contacts :

Address: 73 Volgogradskaya St., Rooms 3, 5, Saransk, Republic of Mordovia, 430009, Russian Federation;
Phone: 8-800-511-14-13, +7 (834) 227 22 90;
E-mail: info@scomposites.ru; **website:** scomposites.ru

BioPipe LLC

BioPipe LLC is a Russian manufacturer of composite plastic pipes.

Advantages:

- reliable, modern production operation. The company has been manufacturing products since 2008;
- flexible discount system for minimum orders;
- the time allowance for shipping product batches is minimal, thanks to the consistent availability of products in stock at the company's warehouse;
- the company is able to manufacture products according to customized technical parameters at the customer's request.

Product range:

- BioPipe metal-reinforced plastic pipes for heating, water-supply and air-conditioning systems;
- BioPipe HDPE (high density polyethylene) pressure and technical pipes;
- BioPipe PERT pipes for underfloor heating.

Contacts:

Address: 1 Stanislavskogo St., Office 1, Ruzaevka, Republic of Mordovia, 431448, Russian Federation;
Phone: +7 8342 54 60 10;
E-mail: info@biopipe.ru; **website:** biopipe.ru

Cable Systems LLC

Cable Systems LLC is a manufacturer of composite fittings.
The company manufactures its products using a unique technology that allows it to favorably compare with most competitors in terms of price and quality.

Advantages:

- one-of-a-kind technology developed by the company's own engineers;
- ability to manufacture and supply equipment for the production of the BASIS composite grid;
- additional ability to manufacture products according to customized technical parameters at the customer's request.

Product range:

- fiberglass-reinforced fittings;
- basalt-plastic fittings;
- special composite rods;
- flexible connectors;
- composite grids.

Contacts:

Address: 130A Proletarskaya St., Saransk, Republic of Mordovia, 430001, Russian Federation;
Phone: +7 909 328 80 97;
E-mail: icobasis@gmail.com; **website:** ruarmatura.ru

Bellit Manufacturing Complex Ltd.

Bellit Manufacturing Complex Ltd. is a producer of zinc oxide.
Its products have been successfully tested at most of the largest enterprises in the chemical, rubber, ceramics and oilfield service industries.

Advantages:

- wide range of products, developed thanks to the use of proprietary cascade oxide separation technology;
- customizability of product quality characteristics;
- face-to-face consultation with the process engineer;
- on-time delivery.

Product range:

- Gold seal zinc oxide;
- White seal zinc oxide;
- Green seal zinc oxide;
- Red seal zinc oxide.

Contacts:

Address: 22 Aleksandrovskoye Highway, Saransk, Republic of Mordovia, 430006, Russian Federation;
Phone: +7 8342 27 21 23;
E-mail: info@pk-bellit.ru; **website:** pk-bellit.ru

PRODUCTS FROM VARIOUS MATERIALS

Orimex LLC

ОРИМЭКС
СТОЛЫ И СТУЛЬЯ ИЗ МАССИВА ДУБА

Orimex LLC is a manufacturer of solid oak furniture.

Advantages:

- state-of-the-art German and Italian woodworking equipment;
- only high-quality materials complying with international standards are used in production.

Product range:

- solid oak tables;
- chairs and armchairs;
- sofas;
- poufs and banquettes;
- smaller-sized pieces.

Contacts:

Address: 33 Energeticheskaya St., Saransk, Republic of Mordovia, 430006, Russian Federation;
Phone : +7 8342 29 50 00;
E-mail : orimex@orimex.ru; **website:** orimex.ru

TIKR LLC

TIKR LLC is a developer and manufacturer of a line of highly-efficient means for removing rust, scale and other types of deposits in water-heating equipment (boilers, heat exchangers, fan coil units, etc.).

Advantages:

- removes up to 99% of all types of deposits;
- ensures the reliable protection of metal against corrosion. Blocks the destruction of structures. Ensures the long-term anti-corrosion protection of equipment after flushing;
- no equipment dismantling or disassembly required;
- economical consumption, diluted with water 1:5L - 1:15L;
- inert to various materials of the treated surface: rubber seals,

paronite gaskets, welded seams, etc.

Contacts:

Address: 3 Lodygina St., Saransk, Republic of Mordovia, 430034, Russian Federation;
Phone: +7 917 699 15 04;
E-mail: snovoslov@cnnrm.ru

Photonic Technology Systems LLC

PhotonTechSystems LLC is a developer and manufacturer of products in the field of photonics. It supplies products to industrial and scientific-educational organizations around the globe.

Advantages:

- ample opportunities for product customization.

Product range:

- photonics education kits;
- optical tables;
- laminar flow boxes for optical tables;
- shelf systems for optical tables;
- laser radiation visualizers;
- protective laser screens.

Contacts:

Address: 68A Bolshevistskaya St., Office 144, Saransk, Republic of Mordovia, 430005, Russian Federation;
Phone: +7 951 343 17 02;
E-mail: info@phts.ru; **website:** phts.ru

Saransk Rubber Company

Saransk Rubber Company (IE Andrey Anatolievich Kechin) is a manufacturer of model and universal car floormats, splash guards and trunk mats.

Advantages:

- the company operates in a full-cycle format.
- equipment by the world's leading manufacturers, enabling the fabrication of top-quality products;
- natural raw materials and innovative technologies.

Product range:

- 3D STANDART rubber car mats;
- 3D PREMIUM rubber car mats;
- 3D LUX rubber car mats;
- rubber splash guards;
- trays, trunk mats.

Contacts:

Address: 29 1st Promyshlennaya St., Saransk, Republic of Mordovia, 430034, Russian Federation;
Phone: +7 8342 27 10 43; +7 927 181 18 88;
E-mail: dr@srtk.org; **website:** srtkauto.com

Sfera LLC

Sfera LLC is a manufacturer of automotive gas cylinders for liquefied petroleum gas, as well as benches for the hydraulic testing of pressure vessels.

Advantages:

- anti-corrosion treatment of the inner surface of the cylinders, which extends the service life not only of the cylinder itself, but also of the engine compartment's equipment.

Product range:

- toroidal gas cylinders;
- cylindrical gas cylinders;
- benches for the hydraulic testing of pressure vessels.

Contacts :

Address: 10 Pionerskaya St., Yalga Workers' Settlement, Saransk, Republic of Mordovia, 430904, Russian Federation;
Phone: +7 8342 25 34 42;
E-mail: sferagbo@mail.ru; **website:** rm-sfera.ru

Lembe LLC

Lembe LLC is a manufacturer of modern energy-saving heat-reflecting paint coating based on an acrylic binder and evacuated microspheres.

LEMBE coatings meet current thermal insulation requirements and surpass conventional thermal insulation materials in terms of thermal conductivity.

Application:

- facades;
- walls;
- projecting and recessed balconies;
- internal ceilings;
- joints, basements.

Contacts:

Address: 3 Lodygina St., Floor/Room/Shop 2/214/37, Saransk, Republic of Mordovia, 430034, Russian Federation;
Phone: +7 909 328 22 02;
E-mail: vestberg@cnnrm.ru **website:** лембе.рф

TK ZhNF LLC

TK ZhNF LLC is the manufacturer of a coating that, in addition to outstanding hydrophobic properties, ensures the mechanical strength and durability of coatings, as well as the surface's long-lasting protection against corrosion and ice formation.

There are NO paint-and-varnish systems currently on the market capable of simultaneously demonstrating anticorrosive, hydrophobic and anti-icing properties. Existing products perform only one of these functions.

List of products:

- Fors anti-icing systems;
- anti-icing transparent varnish.

Contacts:

Address: 3 Lodygina St., Floor/Room/Shop 2/214/29, Saransk, Republic of Mordovia, 430034, Russian Federation;
Phone: +7 909 328 22 02;
